

The Yun Family's Ninth Child is an Imp! Chapter 3175

The small lightning in Yun Chujiu's eyes shot towards Su Yanran. Su Yanran felt that the sky and earth were covered by purple lightning. She knew that she was dead!

The spiritual energy barrier that she had set up quickly cracked. She could even smell the burnt smell.

A figure flashed in Su Yanran's mind. She could not help but smile bitterly. Whether it was to use it or something else, all of this was going to end!

Yun chujiu looked at Su Yanran calmly. Her mind was blank at this moment. There was neither joy nor sorrow.

At this moment, a crack appeared in the sky. A huge hand was smacking towards Yun Chujiu!

Although Yun Chujiu's mind was blank, her body's instincts were still there. With a sudden leap, she dodged the huge hand.

When Yun Chujiu came back to her senses, a huge pit had appeared where she was standing. The huge hand had disappeared without a trace. Su Yanran had also disappeared without a trace.

Yun chujiu looked at the deep pit on the ground with empty eyes. She closed her eyes and fell to the ground.

When Yun Chujiu woke up, she realized that she was on the bed in the dormitory. Ye Bingyu and Jin Zhi were sitting by the bed with concern.

"Little Jiu, you're awake? That's great! We knew you would be fine." Jin Zhi and ye Bingyu were so excited that they cried and laughed.

Yun chujiu rubbed her eyes. "Are we alive or dead? Why is this hell exactly the same as my dormitory?"

Jin Zhi burst into laughter. "Little Jiu, what nonsense are you talking about? ! Of course we're All Alive! If it wasn't for you, we'd probably all be dead! You're now the Great Hero of the Immortal Yuan Continent."

Yun chujiu looked at them blankly. "I became a hero again? But I clearly remember that I wasn't Su Yanran's opponent. How did I become a Hero?"

Jin Zhi and ye Bingyu looked at each other and said, "Little Jiu, have you forgotten that there were suddenly a lot of purple lightning bolts in your eyes and that you killed everyone?"

Yun chujiu shook her head. "I only remember that when I was fighting with Su Yanran, she said that I was a waste and that she wanted to kill the Yun family members. I don't remember anything else."

Jin Zhi and ye Bingyu were stunned, then, Jin Zhi said, "Little Jiu, you might have forgotten some things because you were overstimulated. But, it doesn't matter, we will tell you! Your Eyes were full of purple lightning at that time..."

Yun chujiu was not too surprised. After all, she had already experienced it once before. This was not a sad little lightning, but a sad little lightning with amnesia!

F * ck, it seemed like she would lose her memory every time she used it. It was enough!

"You said that Su Yanran was saved by another giant hand?"

"That's right! That giant hand wanted to slap you to death. Fortunately, you dodged it cleverly. It was too scary! The owner of that giant hand was probably that whatever master of the Divine Devil Hall. His

strength was really too terrifying! “It’s said that he should have reached the level of a god,”jin zhi said with lingering fear.

Yun chujiu nodded. She had a feeling that she and Su Yanran would meet again. She had to work hard to cultivate. After all, this dejected little lightning was really not reliable. She did not know when it would appear.

Yun chujiu remembered the things that an Feng had brought to Jin Zhi, so she quickly transferred it to Jin Zhi.

Jin Zhi blushed and spat, “It must be something he doesn’t need, so he threw it to me.”

Yun Chujiu:”...”

Jin Zhi and the little lunatic were really a couple. Even their lines were exactly the same. Have you ever thought about the feelings of those things?
