

The Yun Family's Ninth Child is an Imp! Chapter 3176

Jin Zhi and ye Bingyu chatted with Yun Chujiu for a while and told her to rest well before leaving.

Yun chujiu got up to exercise and found that there was nothing wrong with it, so she left the courtyard.

After this battle, the Chaos Origin sect was already in ruins. Fortunately, they were all cultivators, so their recovery speed was very fast.

Yun chujiu strolled toward the meeting hall. The servants and disciples she met on the way bowed respectfully to her and repeatedly thanked her.

Yun chujiu waved her hand in a pretentious manner and then continued to walk forward.

This guy sighed in his heart. She saw that in the eyes of those people, besides respect and gratitude, there was also some fear. Perhaps they really regarded her as a freak.

After Yun Chujiu arrived at the meeting hall, Master Baili and the others naturally expressed their gratitude again.

“Little Ancestor Yun, it’s all thanks to your timely arrival this time. Otherwise, not to mention the primordial chaos sect, the entire immortal Yuan continent would have been controlled by the Divine Devil Hall.” Master Baili said gratefully.

Yun chujiu smiled. “I am the disciple of the two ancestors. Naturally, I will not stand idly by. Oh right, how did you recover your spiritual power later on?”

Master Baili’s face showed a look of admiration, “Master Baili, the last time in the Sky Bearing Alliance, did you deliberately give us those coral fruits to cure the poison?” “No wonder the people from the Divine Devil Hall were surprised to see that we were not poisoned.”

Although Yun Chujiu was very proud in her heart, she still said indifferently, "It's just a small matter, don't take it to heart."

When Master Baili and the others saw how calm Yun Chujiu was, they thought to themselves, "Little Ancestor Yun is little ancestor Yun. I reckon that now is her true self. Previously, she deliberately pretended to be out of sorts. She's really wise but foolish!"

Master baili continued, "At that time, when we heard what Bian Chen said, we remembered that we still had some coral fruits that you gave us back then. Therefore, we drank the antidote to the spirit devouring powder. We didn't expect that we would really recover our spiritual power."

Yun chujiu nodded and asked again, "Didn't you guys lose all your spiritual power? How did you open the storage ring?"

"Little Ancestor Yun, you might not know this, but when we felt that something was wrong, we forcefully used our spiritual power to suppress the effect of the medicine, so we still have some spiritual power left. Otherwise, we wouldn't have been able to open the protective array,"master Baili explained.

"Then, how is the situation with the origin killing sect and the Sky Bearing Alliance?"

"It has all been resolved. After all, the main force of the Divine Devil Hall is in the origin chaos sect."

Yun chujiu nodded her head in gratification. "Sigh! I have also worried so much for all of you, so please be more careful in the future! My injuries this time are not light, so please give me more good things. This way, I will be even more gratified."

Everyone:" ..."

The image of the cold and aloof Master Yun in their hearts instantly collapsed! So it was still that greedy, shameless, and bad * ss bag!

Yun chujiu suddenly remembered something and asked mysteriously, "Oh right, what's wrong with that old man Yao? Who exactly is he? You should properly thank him."

Master Baili's face revealed a guilty expression. "If we count, senior brother Yao entered the primordial chaos sect in the same batch as us, but he has always been in charge of breakfast in the big kitchen.

"After so many years, everyone only knows that there is an old man Yao in the Big Kitchen. They have long forgotten that he has already entered the sect for many years. "Compared to him, we have lost our original intention. No wonder our spiritual power has not improved."

Yun chujiu smiled and said, "Every profession has its own specialty. Besides, everyone has their own aspirations! Just like this little ancestor, no matter how hard I try, I can't learn how to make peace. Doesn't that not prevent me from becoming a great hero? !"
