

## The Yun Family's Ninth Child is an Imp! Chapter 3181

The ancient Ice Long had been stuck at level 46 for a very, very long time. Never in its wildest dreams would it have thought that it would break through now?

Oh My God!

It was as if the heavens had eyes!

The heavens must have seen that it was too aggrieved, so they gave it compensation!

Wu Wu, it finally believed that a good beast would be rewarded!

Just as Hei Xinjiu was burying her head in running, she realized that there was no movement behind her. She turned her head curiously and saw that the ancient Ice Long's body was shining. This guy had also broken through?

Hei Xinjiu narrowed her eyes and thought, it's good that it has broken through. It can continue to be her sparring partner. This can also be considered as a reward for helping her take the blame.

Hei xinjiu stared at the ancient ice long from afar. She calculated in her heart that she had advanced three levels this time and was already at the seventh level of the ethereal space realm. After her realm was stabilized, she would cultivate for a period of time and she would be able to let guai Cao and black bead help her break through to the Dantian, she would definitely be able to break through to the eighth level of the spiritual space realm.

At that time, she would be able to go down to the boundless ice abyss to see the Pretty Boy..

After the ancient Ice Long had completed its breakthrough, it saw Yun Chujiu, who was baring her teeth at it not far away.

Yun chujiu waved her small claws. “Little Monkey, Congratulations! Don’t you have to thank me properly? If it weren’t for me, would you be able to change into such a shiny appearance? If it weren’t for me, would you be able to break through?”

The ancient ice long howled in anger. Thank her? It was thanking her for eight generations of ancestors!

The ancient ice long pounced at Hei Xinjiu, and Hei Xinjiu ran forward swiftly, as it ran, it smacked its lips. “Little monkey, you are really ungrateful! Not only are you not thanking me, you actually want to eat me? Doesn’t your conscience hurt?”

“Little monkey, it’s not that I want to criticize you, but your original style was so outdated. Now, your style is so shiny! I believe that you will soon get rid of the title of being a bachelor for ten thousand years. You will definitely find a little wife soon!”

..

Ancient Ice Long was both embarrassed and angry. It wished that it could slap hei xinjiu into a meat patty with one paw!

However, Hei Xinjiu was slippery. It was not easy for her to catch up. After a while, she would slip away.

When the ancient ice long was panting and resting, she went up to provoke it again. The ancient Ice Long was so angry that its head was almost smoking!

In the following period of time, other than cultivating, hei xinjiu would fight with the ancient ice long.

Of course, at the beginning, this fellow could only be abused. He was constantly being chased by the ancient ice long. However, she would be able to hold on for a period of time soon.

Time flew by quickly. Due to Hei Xinjiu's diligent cultivation, the Thunder spiritual power in her Dantian was once again saturated. She felt that it was time to break through to the eighth layer of the spiritual space.

Hei Xinjiu found a place far away from the ancient ice long and let Xiao Hei dig an ice cave. After entering, she let Guai Cao and Black Bead use the thunder spiritual power to attack her dantian.

After a full three days, Hei Xinjiu's spiritual power finally rose to the eighth layer of spiritual space.

Yun Chujiu finally revealed a bright smile. She could finally meet the gigolo! It was not that she did not want to go down to the bottomless ice abyss to meet him, but she felt that she did not have the face to meet him. Now, she could finally meet him!

Hei Xinjiu came out of the ice cave and was about to head to the bottomless ice abyss when the sound transmission talisman in her storage ring started to vibrate.

Yun Chujiu took it out and took a look. It was sent by great-grandfather Ye. After she sent her spiritual sense in, great-grandfather Ye's words made her face instantly darken.

"Little Jiu, a group of people came. They said that they are from your father's family. Their spiritual power is very, very high. They said that if you don't come back immediately, they will destroy the Ye family."
