

The Yun Family's Ninth Child is an Imp! Chapter 3183

Fan suxue saw that her mother was sent flying by Yun chujiu and cursed angrily, "B * Tch, how dare you hit my mother! It's all because of you that my father and brother were killed! I'll fight it out with you!"

Yun chujiu did not even look at her and sent her flying with a slap. Coincidentally, she landed on ye Xinwan who was about to get up.

Everyone in the Ye family was shocked. Ge Shi was both angry and afraid. She pointed at Yun chujiu and said, "You, you actually hit aunt. What are you trying to do?"

Yun chujiu slowly walked in front of Ge Shi. Ge Shi was intimidated by Yun Chujiu's coldness and pressure. Her face turned pale. "You, what are you trying to do? I, I am your grandmother."

"If I remember correctly, the fan family colluded with the Divine Devil Hall, so they should all be wiped out. Why are ye Xinwan and fan suxue still alive? Do you think I don't know that you protected them in my name? I just don't want to argue with you!

"Now, you have returned my kindness with enmity to slander my grandmother and my mother. Do you think I should kill you directly for the people? "If not for the sake of the ye family's reputation, do you think you still have the need to live?"

As she spoke, Yun Chujiu grabbed Ge Shi's neck, tightening it bit by bit.

Ge Shi's face instantly turned from pale to livid, and she looked like she was about to faint.

Old Master Ye and the others were scared silly, but no one made a sound to stop her.

Just as Ge Shi thought she was dead for sure, Yun Chujiu released her hand, then, she smiled faintly and said to great-grandfather ye, "Grandmother Ge is seriously ill, so don't see outsiders in the future! In

addition, since the ye mother and daughter are remnants of the fan family, they should have the consciousness of remnants. Isn't there a manor on the outskirts of the Ye Family? Just move there and live there!

As for great-uncle and great-aunt, you should be grateful that you have a good son. Otherwise, I would have killed that evil daughter of yours long ago.

"Don't think that I can't control you just because I went to the towering sky continent. There are many people from the killing origin sect and the Chaos Origin sect who can help me deal with you.

"All of you obediently behave yourselves. We can be considered relatives, so I won't make things difficult for you. If you stir up trouble, then die! "In any case, this ye family also traded my freedom for it!"

Although Yun Chujiu had a faint smile on her face at this moment, the words she said made people shudder. Ge Shi and Ye Shi did not dare to say a single word, afraid that Yun chujiu would directly kill them in the next moment.

Although old master ye felt that Yun Chujiu's way of doing things was too overbearing, he did not say anything, he sighed. "I'll agree to everything you said. Go to your mother's courtyard and rest. I reckon that the Yun family will arrive in the next two days."

Yun chujiu nodded. After bowing, she turned around and left the living room.

Ge Shi and the other two naturally cried and begged for mercy. Old Master Ye snorted. "If you don't Stop, Don't blame me for being ruthless!"

Ge Shi and the other two saw the killing intent in Old Master Ye's eyes and immediately stopped. They knew that their good days were coming to an end.

Yun chujie arrived at Shaohua Garden, and the servants came up to her eagerly.

Yun chujie washed up briefly and then took out a drawing paper to draw Shaohua Garden. There was a slight smile at the corner of her mouth. Her mother would definitely like this gift.

That afternoon, great-grandfather ye announced that the Lan family and ye Lan's identities had changed. He also moved the LAN family's grave to the ye family's ancestral grave early the next morning.
