

## The Yun Family's Ninth Child is an Imp! Chapter 3184

Old Master Ye sent another 100 million high-grade spirit stones to Yun Chujiu as ye Lan's dowry. Yun Chujiu felt that with the ye family's strength, it was not bad to take out these, so she did not raise any objections.

In fact, this fellow did not lack money at all. She did not even know how much money she had now. There was no need to mention the spirit stones. Just the spirit stones alone were a lot of them.

The reason why she asked for Ye Lan's dowry was to help her mother vent her anger. Moreover, she wanted to let the Ye family know how painful it was. Don't think that the mother and daughter were soft buns and would just sell them out for fun.

Ye Bingyu's mother, Min Shi, specially sent Yun chujiu some pastries and clothes that she liked to eat. After asking about her well-being., then, she said, "Little Jiu, second aunt's gratitude towards you can no longer be described with words. Second aunt has nothing to repay you with. She can only give you a few words of advice.

Second aunt knows that you are very smart and have a high status. However, those people from the Yun family did not come with good intentions. Your current spiritual power is no match for them. When you arrive at the Yun family, you must restrain your temper and not act rashly.

You need to hide your strength and conceal your intentions. When the time is ripe, you need to take action and wait until the clouds open and the moon shines. Second Aunt believes that you will definitely be able to do it."

When she said this, Min Shi felt a little uncomfortable. "Little Jiu, I know that you are smart. Perhaps you have already thought of what I said. I just..."

Yun Chujiu held Min Shi's hand and said softly, "Second aunt, Little Jiu understands your intentions. Don't worry. I know what I should do. I Won't act recklessly.

“Oh right, back then, Sister Bingyu said that she was looking for the Rainbow Crystal Mushroom to make medicine for you. I have one here. Please accept it!”

After receiving it, Min Shi’s face turned slightly red. This was because the rainbow crystal mushroom was used to prescribe medicine that was easy to conceive.

Yun chujiu was well aware of this and did not expose it. The two of them chatted for a while more before Min Shi left.

Yun chujiu sent Min Shi off. Just as she was about to cultivate, her grandfather, Ye Yuanliang, came.

Ye Yuanliang’s face was filled with guilt. Yun chujiu could understand him. There was the Old Master Ye who had authority and authority. Beside him was the arrogant and domineering Ge Shi. Perhaps he really had feelings for the Lan family and also had feelings for ye Lan, however, his personality determined that he would only hide when he met with difficulties.

Yun chujiu did not understand ye Yuanliang’s purpose for coming, so she did not say anything after getting someone to serve tea and pastries.

Ye Yuanliang sighed and passed a box to Yun Chujiu.

Yun chujiu did not understand why he gave her a box out of the blue?

“Little Jiu, your grandfather is useless. He could not protect your mother, and he can’t protect you now. The things in this box were left behind by your grandmother. Take it with you. Your Mother will remember you when she sees it.”

Yun chujiu suddenly understood. However, ye Lan should have taken everything from the LAN family back then. Why was there still a box?

Ye Yuanliang seemed to have seen through Yun Chujiu's doubts and explained, "This box was found when you renovated your grandmother's house later."

Yun chujiu nodded. So that was the case. Otherwise, according to her mother's personality, she would have taken everything from her grandmother long ago.

Ye Yuanliang passed another ten million high-grade spirit stones to Yun Chujiu and sighed. "Grandpa is useless. This is all I have left. You can keep it for a rainy day."

Yun Chujiu didn't refuse. If she didn't accept it, Ye Yuanliang would feel even worse.

After ye Yuanliang left, Yun Chujiu opened the box and saw that there was nothing valuable inside. There were only some clothes, jewelry, and some scattered things.

However, one of the inconspicuous jade plates caught Yun chujiu's attention..
