

The Yun Family's Ninth Child is an Imp! Chapter 3196

Consort Yun smiled, "Little ninth girl, Aunt's servant doesn't know how to speak. Aunt will punish her when she goes back. You, this little girl, are just like your mother. You're really unreasonable!"

When the old Royal Highness and the Old Consort Heard Consort Yun's words, their faces became even gloomier.

Yun chujiu saw that Consort Yun's simple words not only resolved the awkwardness, but also made the old Royal Highness and the old consort's attitude toward her even worse. She thought that there must be a problem, and it was most likely her mother.

Yun Chujiu said with a smile, "Eldest aunt must be joking. I was just asking out of curiosity. Please don't punish her. Otherwise, it will be my fault."

Consort Yun also smiled, but her eyes looked at Zhang Mama. "Zhang Mama, I asked you to fetch little jiu. How did you become like this? What happened to your face?"

Zhang Mama had been waiting for this opportunity, she immediately knelt on the ground and said with tears streaming down her face, "Consort, this, this was all caused by ninth young miss! Ninth Young Miss said that her father was King Yun, and her mother was Consort Yun. You, you are just a fake. I persuaded her a few times, and she beat me up like this."

As soon as Zhang Mama's words left her mouth, the room immediately exploded!

These people kept looking at Zhang Mama inquisitively. They were very curious about who she was beaten up by. They did not expect that it was this country bumpkin who beat her up? She was too bold! She even dared to say that Consort Yun was an imposter? Was she trying to rebel?

The old madam placed the Teacup heavily on the table. "She really has no manners! Take her away and lock her up in the ancestral hall and kneel for three days."

Yun chujiu could not help but sneer in her heart. It was indeed an old lady with white eyes that she was not familiar with. Just a moment ago, she was still amiable. In such a short period of time, she was convicted just because of a few words from an old woman?

A trace of ridicule flashed through Consort Yun's eyes. A little girl still wanted to use her cuteness to play the role of a child to please that pair of old men? How Stupid!

Not to mention that those two old men could not possibly like her. Even if they were really roped in by her, now that the real power was in the hands of her and her husband, that pair of old men would not be able to cause any waves.

Moreover, Xi Yue was the future imperial consort, and this little girl could only let her squish and squish her.

Yun chujiu pursed her lips, then she said to the old imperial consort, "Grandmother, the so-called Thunderbolts and raindrops are all gifts. If you want to punish me, Little Jiu is willing to accept it. However, Little Jiu can't just watch as you are deceived by this crafty slave.

"As soon as I entered the residence, I rushed over to greet you and grandfather, but this crafty slave told me that first aunt is the mistress of the Yun Imperial residence. You, you don't care about anything at all, and let me directly return to the courtyard to rest.

"He even said that grandfather and grandmother are two old farts. I was so angry that I beat her up."

Everyone in the room was instantly dumbfounded! The truth of the matter was actually like this?

Everyone's gaze was veiled as they looked at Consort Yun, especially the people from the other rooms. They wanted nothing more than to cause some trouble in the big house so that they could take the opportunity to get some benefits.

Zhang Mama hurriedly knelt down a few steps. "Old Consort, you're being wronged! Ninth Young Miss, this is purely a false accusation. Even if this old servant had a hundred guts, this old servant wouldn't dare to say such outrageous words!"

Consort Yun forced a bitter smile on her face. "Little ninth girl, you, why are you doing this? ! Aunt originally wanted to plead on your behalf, but now that I look at you, you're really too stubborn. You really should be rigid."
