

The Yun Family's Ninth Child is an Imp! Chapter 320

Yun Chujiu smiled at the crowd and nodded. "You flatter me! You flatter me! As an elder, I naturally have the demeanor of an elder! Little Xuanyuan, what do you think about following my instructions?"

Although Master Xuanyuan was still uncertain, he still smiled and said, "I'll follow Little Ancestor Yun's arrangements! I wonder what identity Little Ancestor Yun wishes to obtain temporarily?"

Yun Chujiu giggled and said, "I've already obtained first place, so I should at least be a successor disciple. Isn't that old man Sun Bozhong in seclusion cultivation? Just put me under him."

"Alright, let's do as you say!" Master Xuanyuan thought to himself, 'It seems that the little girl has already planned it out. What exactly is she doing this for?!'

Yun Chujiu coughed dryly. "Little Xuanyuan, I've made such a big compromise. Let's consider that fragment of the great Void Mirror as compensation for this Little Ancestor!"

Master Xuanyuan was a little stunned. The fragment of the Void Mirror?

Elder Xiao said with a sullen face, "Master, the fragment of the Void Mirror has already been snatched away by Yun Chujiu, Little Ancestor Yun!"

Yun Chujiu's face fell. "Little Boulder, I don't like what you're saying. What do you mean I snatched it away? I was just keeping it for you guys, alright? The situation was so chaotic back then. If it wasn't for my quick reflexes, it might've been snatched away by those from Heavenly Gates Sect!"

Little Boulder?

Elder Xiao felt that his entire person was in a bad mood!

However, although he was stubborn, he abided by the rules of etiquette. Yun Chujiu's identity was already set. Even if he was dissatisfied, he did not dare to have any objections and immediately fell silent!

The corners of everyone's eyes twitched slightly. No matter how they looked at it, the name 'Little Boulder' seemed strange when it was applied to Elder Xiao's being!

"Since that's the case, you can keep that fragment of the great Void Mirror!" Master Xuanyuan knew that Yun Chujiu was not that kind-hearted. However, since the ancient dimension had been destroyed, the fragment of Void Mirror would not be of much use anymore! She can have it!

Yun Chujiu nodded her head in satisfaction. Then, she said with a bright smile, "It's settled then. In the future, when there are outsiders, I will be a true disciple of Spirit Radiance Sect! Now, there aren't many elders like me who are thinking of the younger generation! Are you all very touched?"

Everyone braced themselves and nodded their heads. No matter what, Yun Chujiu's actions saved them a lot of embarrassment.

Seeing this, Yun Chujiu continued with a smile, "You guys are so sensible. I'm really happy! Children, I'm celebrating my birthday. Shouldn't you give me birthday gifts?"

Everyone was stunned. 'Celebrating her birthday? Today was Yun Chujiu's birthday?'

Master Xuanyuan took out the information of his new disciple from his storage ring and flipped through it, "Little Ancestor Yun, that's not right. Isn't your birthday already over?"

Yun Chujiu cursed silently. 'That old fox actually brought that information with him! It should've been easy for me to scam them of a few things!'

If an ordinary person were to be exposed, it would definitely be very awkward. However, Yun Chujiu did not have the awareness and just coughed dryly. "Cough cough! My fifteenth birthday is over. Shouldn't you all feel guilty for your negligence? "Hurry up and make up for the birthday present to make up for my injured heart. Oh right, if you want to make up for the previous 14 years of birthday present, I won't stop you."

Everyone was absolutely speechless.

They knew it! This fellow was not that kind-hearted!

She even said that she was thinking of them!

She was just trying to scam them!

After struggling for a while, they still chose honor over money. Each and every one of them began to painfully take out the so-called birthday present.

Yun Chujiu didn't know what it meant to be reserved at all. When she saw that she was dissatisfied, she immediately returned the goods. "Low-grade spirit tool? You're disrespecting your elders. Little Xuanyuan, what does the eighth rule of Spirit radiance Sect say? Isn't there a punishment for disrespecting your elders?"

That bitter elder did not wait for Master Xuanyuan to reply. He hurriedly took out a middle-grade spirit tool and handed it to Yun Chujiu. "Little Ancestor Yun, I took the wrong one just now!"

Yun Chujiu nodded. "You're so young, but you don't have good eyesight. Be careful in the future!"

Yun Chujiu was beaming with joy as she accepted the gifts. She was thinking that it would be great if she could have eight or ten birthdays that year...
