

The Yun Family's Ninth Child is an Imp! Chapter 3202

The crown prince, Leng tianche, snorted in disdain. This Yun chujiu not only had low spiritual power, but she was also not very smart. It seemed that the imperial tutor had made a mistake this time.

Leng Tianche looked at Yun Chujiu coldly. "Now you know that I am talking to you, right? Come and kneel down and worship me."

Yun chujiu showed a fearful expression and walked to Leng tianche.

Princess Xi Yue's eyes flashed with a trace of pride. This country bumpkin actually dared to oppose her mother. He was simply courting death. She would definitely learn a lesson today.

"Sister Xi Yue, I don't know how to Kowtow. Teach me! And I'm very stupid. You'd better show me a few more times. Otherwise, it won't be good if I do the wrong bow,"yun chujiu said weakly.

Princess Xi Yue:"..."

This country bumpkin must have done it on purpose! Her demonstration? She taught her how to kowtow in front of everyone? How many times? Then wouldn't she still have face?

Leng tianche snorted coldly, "There's no need for Xi Yue to teach you, just kneel down!"

Princess Xi Yue looked at Leng Tianche gratefully, and Leng Tianche returned a loving look, and Hei Xinjiu almost vomited!

As expected, a B * Tch and a dog, forever and ever! Make her kneel? It would be best if a bolt of lightning struck this B * Stard couple to death!

Boom!

A loud thunder startled everyone in the room. Why was there thunder all of a sudden?

Consort Yun, Zheng Shi, sent someone out to check. Then, the maid came in with a complicated expression and reported, "Consort, that bolt of lightning struck Zhang Mama just now. Zhang Mama was knocked unconscious."

Hei xinjiu clapped her hands. "Oh my God! As expected, good will be rewarded with evil. That old slave deceived the superiors and the subordinates. This time, he got his retribution! Even the heavens can't stand it anymore!"

Yun Chujiu felt that the heavenly lightning came at the right time! Although her jinx mouth skill was not effective at times, it was really powerful this time!

When the people in the room heard Yun Chujiu's words, they fell into silence for a moment. They looked at Leng tianche with a complicated gaze.

Even the Tian Dao would not tolerate a person, yet the crown prince helped her to exonerate her. This, this did not seem to make sense!

Leng Tianche's expression was very ugly. The royal family had always claimed to be the chosen one, but just now, he had helped a person that the Tian Dao would not tolerate to exonerate her. If this were to be spread out, although it was not a big deal.., but those restless people could not help but make a fuss about this matter.

When Leng Tianche thought of this, he could not help but vent his anger on Princess Xi Yue beside him. If she had not said something about red bean cake, he would not have cared about the life and death of an old woman. But he had already said it, how could he take it back?

When Princess Xi Yue saw Leng Tianche's expression, her heart instantly sank, she bit her lips and said, "Your Highness, just now, Xi Yue was muddle-headed. Zhang Mama did something wrong and should indeed be punished. It's better to send her to the manor!"

"Mm, let's do as you say." Leng Tianche saw that Princess Xi Yue took the initiative to give him a way out, and the anger in his heart could not help but dissipate a lot. Xi Yue was still so understanding. She was indeed a good match for him.

Yun chujiu was a little puzzled. She said that just now to divert everyone's attention. She did not expect that the Crown Prince would change his mind? It seemed that there were still many things that she needed to understand about this towering sky continent.

This guy was afraid that the crown prince would make her kneel again. He rolled his eyes, covered his chest and said, "Ouch, Ouch, my old habit is acting up again. It hurts so much!"
