

The Yun Family's Ninth Child is an Imp! Chapter 3203

Hei xinjiu cried out as she pounced on Princess Xi Yue. "Sister Xi Yue, my heart hurts so much. Please save me!"

Hei Xinjiu grabbed her heart with one hand and twisted Princess Xi Yue's arm with the other. Princess Xi Yue pushed her subconsciously and Hei Xinjiu flew out and fell to the ground with a thud.

"Sister Xi Yue, you... you... Wu Wu... why do you hate me so much? It's fine if you don't support me, but why did you push me? My heart hurts so much. I'm most likely going to die!" Hei Xinjiu said with tears in her eyes.

Princess Xi Yue hurriedly explained, "I. . . No, it wasn't me. I didn't push her. She fell on her own."

The crowd naturally didn't believe what she said. They weren't blind. They watched helplessly as she pushed the country bumpkin. That was why the country bumpkin fell so hard.

Although the crowd did not like Yun Chujiu, there were even more people who were jealous of Princess Xi Yue. Hence, they looked at Princess Xi Yue with a hint of mockery in their eyes.

Leng Tianche saw that Princess Xi Yue was very aggrieved and embarrassed. He snorted coldly and said, "I can testify that Xi Yue did not push her. She must have tripped over herself."

When Leng Tianche said this, although the crowd knew that he was protecting Princess Xi Yue, they could not say anything. They could only look at Hei Xinjiu who was sitting on the ground and humming.

Hei Xinjiu widened her eyes in disbelief, her face full of grievance and shock. "Your Highness, you, you..."

Before Hei Xinjiu could finish her words, she choked and fainted.

The old prince coughed and said, "Zheng Shi, why don't you send someone to send little jiu back to her room? Then, take my invitation and invite the imperial physician over to take a look. Your Highness, I'm really sorry. Little Jiu has just returned. She did not know her manners and offended you. Please don't blame her."

Leng Tianche felt very angry in his heart, but he couldn't tell what the reason was. In any case, ever since he saw this country bumpkin, his mood hadn't been good.

He nodded. "Your Highness, you're Too Kind. I still have things to deal with. I'll take my leave now."

Everyone stood up to send him off. Leng Tianche waved his hand and left with a gloomy expression. Princess Xi Yue quickly chased after him.

"Your Highness, it's All Xi Yue's fault today. I shouldn't have let you get involved in Xi Yue's family matters. I, I..." Princess Xi Yue's eyes turned red as she spoke, and her tone became choked with sobs.

Leng Tianche held her hand and said tenderly, "It has nothing to do with you. It's just that I don't like that country bumpkin. You Don't have to take it to heart. In a few days, I'll come and pick you up. We'll go to the other courtyard to play."

Princess Xi Yue nodded shyly and then sent Leng Tianche out of the cloud mansion.

Princess Xi Yue turned around, her eyes full of viciousness. Damn Country Bumpkin! She had just entered the mansion and she was already embarrassed. Let's wait and see!

When Princess Xi Yue returned to the old imperial consort's courtyard, everyone had already dispersed. She simply went straight to Imperial Consort Yun's Zheng Shi's courtyard.

After sitting for quite a while, Zheng Shi returned.

“Mother, how is that country bumpkin?”

“She has woken up, but she’s just moaning and moaning about how she feels dizzy and her heart aches. I’ve already sent someone to invite the imperial physician.” Xi Yue, you were too impulsive today. Next time, don’t let the Crown Prince get involved in the matters of our cloud imperial residence, understand?” Zheng Shi said seriously.

Princess Xi Yue nodded. “Mother, you’re right. I was indeed a little impulsive today. I just didn’t expect that country bumpkin to be so difficult to deal with. Mother, why must father bring her back?”
