

## The Yun Family's Ninth Child is an Imp! Chapter 3206

Seeing that Yun Chujiu did not speak, Xi Hua was afraid that she would not believe her, so she continued, "Miss Jiu, what I said is true. There is no heart demon oath in towering sky continent, only blood oath.

If both parties want to make a bet or make an oath, they have to go to the Divine Hall to find the imperial tutor to sign the blood oath. If either party breaks the blood oath, they will be punished by Heaven."

Imperial tutor? There was such a species?

Yun Chujiu felt more and more confused. She took out two pills and said, "Eat this. If you dare to betray me, you will never get the antidote."

Xi Hua and Xi Xue naturally did not want to eat it, but when they thought about how Zhang Mama had been tricked by this ninth miss, they were no match for her, so they had no choice but to swallow the pills.

"You should report it tomorrow. Just say that I'm half dead. I coughed for a long time in the middle of the night and vomited blood. Do you understand?"

Naturally, Xi Hua and Xi Xue did not dare to disobey and nodded repeatedly.

"By the way, in order to avoid suspicion, take turns to cough tonight. In case aunt wants to see a bloody handkerchief, you should let out some blood!" Yun Chujiu took out a handkerchief and threw it to Xi Hua.

Xi Hua and Xi Xue felt that their future was bleak. They could imagine that their future would be miserable. They had been unlucky for eight lifetimes. How could they be sent to this monster by the Princess Consort! !

When the two of them were feeling hopeless, they heard Yun Chujiu say lightly, "Don't worry. If you are obedient, I won't mistreat you. Take these spirit stones and play with them!"

Xi Hua and Xi Xue saw the extra one million upper grade spirit stones in their storage rings, and they were so scared that they sat down on the ground and almost fainted.

"Ninth, ninth miss, this, this is too much!"

"Yes, ninth miss, you, did you take the wrong turn all of a sudden?"

The corners of Yun Chujiu's mouth curled up. "Not much, this is just a small matter. I've always been clear about the rewards and punishments for my own people. Moreover, if you don't have money, how are you going to help me?"

"As long as you are loyal, not only will the spirit stones not be a problem, but I will also give you a bright future."

Xi Hua and Xi Xue trembled as they thanked her. They practically scrambled out of Yun Chujiu's bedroom.

Yun Chujiu did not care at all whether the two maids would expose her. If they were loyal, that would be the best. If they betrayed her, those spirit stones would be the best evidence for her to bite back. Sigh, why was she becoming more and more evil?

There were white lotus flowers all over the floor of King Yun's residence. If she, the little black lotus, wanted to survive, she could only be blacker. She was also helpless!

The reason why she pretended to be weak and sickly was to let those people think that she was a short-lived ghost. At least, she would be able to stop for a while.

Therefore, the next morning, Zheng Shi heard the report from the people lying in ambush outside Hei Xinjiu's courtyard. "Princess, since Midnight Yesterday, ninth miss has been coughing non-stop. In the middle of it, we even heard the cries of the two maids. We vaguely heard something like vomiting blood."

Zheng Shi and Princess Xi Yue looked at each other. They did not expect that country bumpkin to be a sickly person. This time, it was even less troublesome.

After a while, Xi Hua saw Zheng Shi and reported again. It was almost exactly the same as what she had said before. Zheng Shi nodded and asked, "Xi Hua, why is your voice hoarse?"

Xi Hua said respectfully, "Princess, ninth miss spent half the night yesterday. I may have caught a cold. It's not a big deal."

Zheng Shi did not take it seriously and waved Xi Hua off.

Xi Hua walked out of Zheng Shi's courtyard. She did not know how she felt. Why was her voice hoarse? F\*ck, of course it was caused by coughing! That Little Devil made her and Xi Xue take turns to cough for four hours!
