

## The Yun Family's Ninth Child is an Imp! Chapter 3207

Xi Hua recalled what the little devil had said to her when she had arrived:

“Xi Hua, Xi Xue, why are you so careless? Did you catch a cold? Is that why your voice is hoarse? You are my people now. I feel sorry for you!”

Xi Hua had wanted to strangle her to death. However, when she heard the princess' question, she realized that the little devil had probably predicted that the princess would ask about her voice, so he had prepared an excuse for her, this ninth miss was really a monster!

When Xi Hua was walking back, she “Coincidentally” met many maids on the way. Whether intentionally or unintentionally, they were all asking about Yun chujiu. Xi Hua told them about what she said to Zheng Shi.

Therefore, in less than a day, everyone in the Yun family knew that the newly returned ninth miss was a pot of medicine. It was said that she would faint if her emotions fluctuated, and it was not certain that she would die directly.

Apart from the disgust and disdain towards Hei Xinjiu, there was also a little bit of pity and Schadenfreude. This Country Bumpkin's life was really tough. It was not easy for him to return to the Yun family, but he was unexpectedly short-lived. It seemed that he would die sooner or later.

Yun chujiu was very satisfied with these rumors. This way, she could not only numb Zheng Shi and the others, but also avoid some trouble. After all, no one was willing to marry a sickly man. This way, she was not afraid that Zheng Shi would have designs on her marriage.

The people of the Yun family sent people to deliver some supplements, but they were all sent by servants. Not a single master came to visit Yun Chujiu.

When Ji Mama, who was beside the old princess, came, she not only brought some supplements but also some cloth. However, the color of the cloth was bright, so it was obvious that they were all for Yun Chujiu.

“Ninth miss, the old princess said that you are not well, so don’t help her and the old prince to make clothes. It’s important to recuperate well. As long as you don’t do anything wrong, you will always be the ninth miss of the Yun family,” Ji Mama said respectfully.

Yun chujiu felt the meaning in her words. As long as you don’t do anything wrong? Was she telling her to behave? However, there was another meaning in her words. Was she preparing to send her to the Yun family’s Jade Archive?

“Ji Mama, please tell grandmother that I will take good care of myself. When I am better, I will go and pay my respects to her.”

After Ji Mama Left, Yun Chujiu called Xi Hua and Xi Xue into the house and asked about some things.

Although Yun Chujiu learned a lot from them, Xi Hua and Xi Xue did not know the whereabouts of the Ye family. They only knew that the ye family had angered the old princess consort and was sent out of the Yun mansion. As for where they were sent to., the two of them did not know.

Yun chujiu frowned. She could ask the two maids to inquire about it, but if it was not done well, it would backfire, so it was best to stay put for the time being.

Five days later was the old consort’s birthday, and it was also her first public appearance in towering sky continent. However, she was now a “Patient”, so she naturally could not leave the residence. Xi Hua and Xi Xue did not have tokens, so they could not leave the residence, what should she give the ungrateful old lady as a birthday gift?

Yun Chujiu’s gaze fell on the few pieces of cloth that Ji Mama had sent over. Although the colors were very bright, if she had a little bit of thought, she could still make a difference.

..

Time flew by, and soon, five days had passed.

The position of the Cloud King's mansion in the East Phoenix Kingdom was unshakable. Although the strength of the Cloud King's mansion had decreased after the disappearance of the previous Cloud King, as long as the Yun family's army was present, even the emperor would not easily offend the Cloud King's mansion.

Therefore, there was an endless stream of people who came to congratulate the old consort on her birthday. The entire Cloud King's mansion was filled with laughter and joy.

In stark contrast, Hei Xinjiu's courtyard was completely silent. No one even came to inform her to attend the birthday banquet.
