

The Yun Family's Ninth Child is an Imp! Chapter 3211

When the old imperial consort heard Yun Chujiu say this, she was more or less touched. Little Jiu had not been feeling well recently, and it was said that she often coughed in the middle of the night. She had even made clothes for her?

However, the fabric that she had asked Ji Mama to send her last time did not have a color suitable for the elderly. Could it be that she was still made of snow jade silk? If that was the case, it would be a laughing stock!

Therefore, when Yun chujiu took out the clothes that were wrapped tightly in cloth, the old imperial consort heaved a sigh of relief. She thought to herself, this little girl is really smart. Hence, she wanted to directly put the package away, after that, a few pleasantries were exchanged.

Who would have thought that after Lady Liao received Zheng Shi's gaze, she smiled and said, "Mother, I heard that Little Nine's craftsmanship is not bad. Please open it and let us admire it!"

The old imperial consort was so angry that she wished she could slap this idiot, Lady Liao, away. However, with her taking the lead, some madams also joined in the fun, clamoring to broaden their horizons.

The old imperial consort had no choice. She thought to herself, if it's embarrassing, then so be it. After all, everyone knew that this little ninth came from a low-grade continent.

Therefore, the old imperial consort opened the parcel.

When the old princess saw a corner of the cloth that was revealed from the package, her expression instantly became somewhat unsightly. It was actually aqua pink?

An old lady like her wearing aqua pink clothes? This little jiu was really out of tune. Could it be that she had given her own clothes to her as a birthday gift?

Everyone also saw the corner of the aqua pink clothes, and their expressions instantly became meaningful. They had never thought that this yun chujiu would actually give the old princess a aqua pink dress. This was too out of tune!

Lady Liao said sharply, "Little Jiu, fourth aunt has to say something about you. How could your grandmother wear a aqua pink dress? Just now, you said that this birthday present valued the intention, yet you're just fooling your grandmother? Could it be that you made this dress for yourself? No wonder you even wrapped it with a cloth. You're really... Sigh!"

When everyone heard Lady Liao's words, their gazes towards Yun chujiu also became filled with disdain and ridicule. As expected, she was unpresentable. She actually used her own dress as a birthday present. This was simply disobedience and unfilial!

Yun chujiu stared at Mrs Liao in disbelief. "Fourth aunt, you, how can you say that? What's wrong with grandmother? Why Can't grandmother wear aqua pink clothes? Grandmother looks much younger than you. If you can wear it, why can't Grandmother Wear It?"

Mrs Liao's face immediately stiffened. The old imperial consort was much younger than her? This damned girl's words were too sarcastic!

Yun chujiu continued, "Besides, who said that old people can only wear those dark colors? If it wasn't because I was afraid that grandmother wouldn't be able to accept it in a short time, I even planned to make grandmother clothes that were the same color as mine!"

"Fourth aunt, filial piety isn't just talk. I would rather bear the risk of being scolded by grandmother to let grandmother try out a new style of clothing. Who knows, maybe grandmother will look good in it! "As long as grandmother is happy, I am willing to bear the risk of being scolded."

Hei Xinjiu coughed a few times as she said this. Her hand rested on her forehead and her body trembled slightly. It was obvious that she was emotionally agitated.

Lady Liao did not dare to make a sound. Emma, if this wretched girl really fainted, others would say that she was the one who fainted out of anger. Moreover, the old consort would not forgive her for ruining the birthday banquet.

On the other hand, the old consort was rather moved by Yun Chujiu's words. Her clothes were dark and had not changed for a thousand years. It had been a long time since she had worn fresh and tender colors.

Hence, she unwittingly took out the entire set of clothes from the package. Everyone's gaze fell on the set of clothes in the old consort's hands..
