

The Yun Family's Ninth Child is an Imp! Chapter 3216

Hei Xinjiu was enjoying her meal when she saw the crown prince and the four princes jump out of the hall as if they were being chased by dogs. Then, the Old Royal Highness, the Old Princess Consort, and the others also rushed out of the hall, in the end, only she and some servants were left in the hall.

Hei Xinjiu was stunned for a moment. She felt that these people's strange behavior was most likely related to the bell just now, so she couldn't be bothered. Anyway, these servants didn't leave, which meant that it wasn't something that could cause the world to collapse, she eats her food.

Those servants looked at Hei Xinjiu who was eating like a monster. Xi Hua and Xi Xue walked to her side and reminded her in a low voice:

"Miss Jiu, the bell just now sounded from the Twilight Bell of the temple. I guess the National Master has something important to announce. Won't you go and have a look?"

Yun chujiu waved her hand: "I am a low-level mainland to the little waste to go or not what does it matter? ! Are You Hungry? Come, sit down to eat!"

"Oh right, and you guys, you've been busy for a long time. If you don't waste these dishes, sit down and eat together. I'm afraid they won't be back for a while. "After you finish eating, clean up the things. They won't notice."

No one dared to sit down and eat. Although King Yun and the others were not here, the Butler was still here. If they were caught, it would be terrible.

Hei Xinjiu did not care about them. After eating and drinking, she put all the food on the table into her storage ring. The crown prince and the others did not eat anything anyway. She ate the leftovers herself.

Hei xinjiu burped and was weakly supported away by Xi Hua and Xi Xue.

The servants of the cloud mansion looked at each other. This ninth miss was not in good health, but her appetite was big enough, and she even packed it?

She must have suffered a lot in the past and was afraid of being hungry, right? This ninth miss was really pitiful.

Hei Xinjiu was supported by Xi Hua and Xi Xue. She muttered softly, "Aiyo, your miss is not pretending this time. I'm stuffed to death. Aiyo!"

The corners of Xi Hua and Xi Xue's eyes twitched violently. This was too useless! It was fine as long as she was full, but she was already so full!

The two of them helped Hei Xinjiu out of the room and saw Ji Mama chasing after her in a hurry. "Miss Jiu, the old consort just sent a message to me, asking you to go to the temple immediately."

Hei xinjiu burped. "Ask me to go to the temple? I'm just a piece of trash. What do you want me to do?"

Ji Mama's mouth twitched. Her spiritual power was low, but she was not ashamed of it. Instead, she was proud of it. What a Weirdo!

"I don't know the reason either, but the old madam wants you to go there immediately.". "Xi Hua, Xi Xue, you go with Miss Jiu to the Divine Hall immediately. If you go late, be careful of your little lives," Ji Mama said sternly.

Yun chujiu pouted. She knew that Ji Mama could not directly order her, so she took a detour to remind her to go quickly.

Xi Hua and Xi Xue did not dare to delay. They almost carried Yun chujiu out of the Yun mansion in a hurry. After the two of them summoned their wildebeest, they saw Hei Xinjiu slowly summon a big rabbit.

The two of them then remembered that they had heard someone say that their ninth miss had come to the city on a rabbit.

The two of them did not have time to talk nonsense. They pointed in a direction and urged Yun Chujiu to hurry up.

“Burp, burp, no, I’m too full. I Can’t leave too quickly. Let’s Go for a stroll! Don’t worry, one more is not much, one less is not little.”Hei Xinjiu said while burping.
