

## The Yun Family's Ninth Child is an Imp! Chapter 3219

Everyone looked at Hei xinjiu, especially some of the girls. Their eyes were about to spit fire!

Shameless!

He actually asked such a question in public!

How badly did you want to sleep with the National Master? !

The National Master's expression was normal as he said indifferently, "Since we are inseparable, we naturally have to sleep with each other."

Yun Chujiu's heart was like a dog that was bickering, F \* ck!

This BULLSH \* t state preceptor looked like a human dog. He was already old enough to be her father, yet he still wanted to take advantage of her? Shameless!

Yun chujiu violently coughed a few times, "State preceptor, I'm sorry, I'm afraid I can't accompany and sleep with you. I haven't come to Kuishui yet! So, do you have any other choice?"

Everyone was shocked. This Yun Chujiu actually wanted to reject the imperial preceptor? Didn't she know that becoming the Imperial Preceptor's disciple was the dream of all the women in East Phoenix Country?

Didn't she know that as long as she became the Imperial Preceptor's disciple, she could fly up to the branches and become a Phoenix? Had her head been kicked by a Demon Beast?

Oh right, she came from a low-grade continent, so she didn't know what kind of glory it was to become the Imperial Preceptor's disciple! Haha, she really deserved it! If this country bumpkin knew the truth in the future, he would definitely regret it so much that he would vomit blood!

The old imperial concubine was so anxious that she wished she could scold Yun Chujiu awake, this silly girl! ! What was the big deal about Kui Shui not coming? ! The imperial tutor was very resourceful, it would be fine if he helped you to recuperate. He was really anxious to death!

The imperial tutor looked at Yun chujiu meaningfully. "There is another option, that is to walk into the altar and sacrifice yourself to the Divine Phoenix."

Yun Chujiu's face twitched. "Isn't there a third option?"

"No."

The kneeling woman revealed a regretful expression. It was over! This country bumpkin would definitely not choose to offer herself as a sacrifice to the Divine Phoenix. In the end, it would be too easy for her!

"National Master, what do you mean by offering yourself as a sacrifice to the Divine Phoenix?"

"After you enter the altar, you will be burned by a raging fire until you turn into ashes. Your Body and soul will be offered as a sacrifice to the Divine Phoenix of our East Phoenix Country,"the national master said coldly.

"What if the Divine Phoenix doesn't want me to die and doesn't accept me? Do I have to stay in the Fire Forever?"Hei xinjiu blinked her eyes and asked.

The people below curled their lips. This Yun Chujiu was really shameless! The Divine Phoenix didn't want her to die? ! Who Did she think she was? !

The Imperial Preceptor's tone didn't change much. "If you are still alive after three days, you can be exempted from your identity as a sacrifice."

Yun Chujiu's face revealed a look of despair. After a long while, she asked dryly, "State preceptor, why did you choose me as a sacrifice? Is it because I'm as beautiful as a Flower?"

The state preceptor:"..."

The women below all wished they could spit on Yun Chujiu's face. Shameless! They had never seen such a shameless person!

However, they were also very curious. Why did the state preceptor choose this country bumpkin? ! Was it really because of her beauty?

The National Master was silent for a while, and then said indifferently, "Because the heavens have shown that the woman who came the latest today is my disciple."

Hearing this, Yun Chujiu looked at the old consort with resentment. It was all the fault of this white-eyed old lady. Why did she call her here for no reason? !

The old consort saw Yun Chujiu's resentful eyes and was so angry that she was twitching. You Stupid Girl, becoming the National Master's Disciple is a great thing!

Moreover, she didn't have to call Hei Xinjiu over. It was the imperial tutor himself who suggested that all the dignitaries must be present. That was why she called Hei Xinjiu over.
