

The Yun Family's Ninth Child is an Imp! Chapter 3223

After Hei Xinjiu helped the old princess out of the Divine Hall, everyone called out their wildebeest and left.

Hei xinjiu called out the big rabbit under the surprised gazes of the old princess and the Old Prince. Then, she giggled. "My rabbit runs no slower than a wildebeest, and it can jump over obstacles. Grandmother, do you want to try?"

The old consort shook her head like a rattle-drum. She was an old lady riding a rabbit all over the street. Stop joking!

Before Hei Xinjiu and the others arrived at the Yun Mansion, the rumors had already spread.

In short, there were only three points:

First, Yun Chujiu had unreasonably refused to be the grand tutor's disciple. She was simply out of her mind.

Second, Yun Chujiu was a shameless person. She actually engaged with a man privately and even did something outrageous.

Thirdly, because she was too useless and did not love herself, even the Divine Phoenix despised her. That was why they did not accept her as a sacrifice.

After hearing the rumors from Xi Hua, Yun chujiu smiled indifferently. It was for the best so that no one would have designs on her.

However, what did the National Master Mean? Could it be that he rang the Mu Chen Bell to find a female disciple to accompany and sleep with?

Thinking of this, hei xinjiu asked, “Xi Hua, did the national master ring the Mu Chen Bell for no reason and then find a female disciple to accompany him and sleep with?”

Xi Hua looked at Yun Chujiu in confusion and asked in disbelief, “Miss Jiu, why do you think so?”

Xi Hua revealed an expression of disappointment, “Miss Jiu, although many women want to be the National Master’s disciple, the National Master has never agreed to it. This time, he was the one who took the initiative to take in a disciple, but you, you actually rejected it!

Sigh! Ninth Miss, do you know that all the women in the East Phoenix Country want to be the Grand Tutor’s disciple? As long as you become the Grand Tutor’s disciple, not to mention the princess consort, even the Empress would not dare to provoke you.”

Yun Chujiu was stunned. So she had misunderstood the grand tutor? So it was not a repeat offender, this was the first time? But no matter what, that old cow of his would not be able to eat this delicate young grass like her!

This fellow had a big heart. She felt that since she could not figure it out, then she would not think about it anymore. It was better for her to cling tightly to the old consort and the Old Royal Highness’ thighs now. Otherwise, those two little B * stards, Zheng Shi and Princess Xi Yue, would definitely harm her.

Moreover, only by coaxing the white-eyed old lady to be happy could she find out where her mother had been sent and then think of a way to save her mother.

Thus, this fellow either ran into the old princess’ courtyard or ran towards the old prince’s study.

When this fellow went to the old Prince’s study for the first time, he was blocked outside. However, this fellow displayed his fearless and shameless spirit and went outside the old Prince’s study every morning to howl a few times, “Grandfather, Little Jiu has come to grind ink for you!”

“Grandfather, Little Jiu has sent you pastries!”

“Grandfather, Little Jiu is here to give you spirit fruits!”

..

After Princess Xi Yue heard this, she said with disdain, “This country bumpkin thinks that grandfather can be moved with just a Few Good Words? The study is an important place, and she, a country bumpkin, wants to go in? Dream On!”

However, five days later, Princess Xi Yue received the news that not only did Hei Xinjiu enter the old prince’s study, but she also obtained the old prince’s acquiescence and could enter at any time in the future.

Princess Xi Yue was so angry that she smashed everything in the room into pieces!

After Zheng Shi heard about it, she harshly reprimanded Princess Xi Yue, “Xi Yue, you are someone who wants to be the crown prince’s consort, how can you be so impatient? If the crown prince takes in a side consort in the future, wouldn’t it be even more unbearable for you?”
