

## The Yun Family's Ninth Child is an Imp! Chapter 3224

Princess Xi Yue's face revealed a vicious expression. "If the crown prince takes in a side concubine, none of those B \* tches can think of anything good! Even if they give birth to a child, I will not let them grow up safely!"

Zheng Shi glared at her fiercely. "Xi Yue! This kind of words will rot in your stomach! Since you have chosen to be the crown prince's concubine, you must be mentally prepared."

Princess Xi Yue's face revealed a resentful expression. "Can I only endure it? If I had known it would be like this, I would have agreed to the imperial preceptor today."

"Shut up!" Zheng Shi was clearly really angry this time, her expression was cold and ruthless like never before.

Princess Xi Yue shrunk her neck in fright. "Mother, I was just saying. I was wrong."

Zheng Shi's expression eased up a little. "Xi Yue, regardless of whether you truly like the crown prince or whether you are pretending, you have already come this far. You must not have any other thoughts.

As for the future, there will always be a way. There are plenty of shady methods in the rear residence. Your priority now is to win the Crown Prince's favor and try to settle the marriage as soon as possible."

Princess Xi Yue nodded, then, she said viciously, "Mother, I really don't like that B \* Tch Yun Chujiu. She has already offended the imperial tutor, and the Emperor has no intention of protecting her. It's probably father's intention to bring her back. Let's kill her!"

Zheng Shi recalled some things, her face also became vicious. "You're right. The longer the night, the more dangerous it will be. That B \* TCH is getting more and more doted on by those two old geezers. Who knows, one day they might coax them to bring ye Shi back. We must send her on her way.

“I’ll Have Xi Hua poison her food and then kill Xi Hua to silence her. “At that time, even if those two old farts knew that I poisoned her and she was already dead, they wouldn’t be able to do anything about it.”

..

That night, Zheng Shi found an excuse to call Xi Hua over.

“If you mix this packet of medicinal powder into her food, you will definitely benefit from it. If you don’t do it, then your parents and brother won’t be able to live,”zheng Shi said coldly.

Xi Hua’s body trembled as she took the packet of medicinal powder from Zheng Shi. She left Zheng Shi’s courtyard in a daze.

Xi Hua was in a daze. She did not want to kill Yun Chujiu, but Zheng Shi had the power to control the sky. What if she really wanted to kill her parents and younger brother?

She knew that after she had drugged Yun Chujiu, she would not be able to live. Not to mention that she had already eaten yun chujiu’s poison, even Zheng Shi would kill her to silence her.

No matter what Xi Hua thought, there was no way she could survive. It did not matter if she died, but she did not want to implicate her family. Then, would she poison Miss Jiu to death?

Xi Hua gritted her teeth. Miss Jiu, don’t blame me. I have no choice. If you want to blame someone, blame your bad luck!

The next day, Xi Hua went to the kitchen to get lunch. She went to a quiet place and sprinkled the medicine powder into the soup with trembling hands. Then, she returned to the courtyard.

“Yo, today’s food smells better than usual!” Hei Xinjiu said while looking at the food on the table with a smile.

Xi Hua’s heart skipped a beat. She bit her lips and said stiffly, “Maybe it’s because Miss Jiu is hungry.”

Yun chujiu curled her lips, then, she said indifferently, “I think I have something to tell you. I’m the easiest person to talk to, but if anyone betrays me, not only will I kill her, but I will also kill her family’s dog!”
