

## The Yun Family's Ninth Child is an Imp! Chapter 3226

Xi Hua and Xi Xue hurriedly nodded in agreement. They had followed Hei Xinjiu for a period of time, so they had learned a little about acting.

Yun chujiu stood up and put the bowl of soup into her storage ring. Then she said, "Alright, I'll Take Xi Xue to see grandmother now. Xi Hua, you go and deliver the letter to your master now."

Xi Hua nodded and rushed out of the courtyard.

Xi Hua did not need to pretend at all because her forehead was covered in sweat. Her panicked look was exactly the same as the current situation.

Xi Hua arrived outside Zheng Shi's courtyard. After a maid reported to her, she finally saw Zheng Shi.

When Zheng Shi saw Xi Hua's appearance, she was delighted. She reckoned that Yun chujiu, that country bumpkin, had been poisoned to death. Otherwise, Xi Hua would not be so terrified.

This idiot could be used as a scapegoat. After she was beaten to death, the two old men would not be able to testify against her.

Zheng Shi thought of this and said to nanny Gao, who had just been promoted, "Xi Hua poisoned the ninth miss. Kill her with a cane!"

Xi Hua's heart sank. The ninth miss was right. Zheng Shi did not intend to let her off.

At this moment, Xi Hua's heart was full of hatred for Zheng Shi. Thinking of Yun Chujiu's acting, she suppressed the hatred in her heart and said with a trembling voice, "Princess, please spare my life! Princess, please spare my life! Ninth miss is not dead!"

Zheng Shi was stunned at first, then she angrily smashed the Teacup on the table onto Xi Hua, "Since she is not dead, why did you come here?!"

"Princess, this servant spilled the medicine powder in the soup." "But... But, ninth miss, ninth miss must be crazy. She insisted that the soup smelled good today and wanted to give it to the old princess." "This servant didn't stop her, so I quickly came to report to you," Xi Hua said with a trembling voice.

Zheng Shi suddenly stood up. "What, what did you say? ! That B \* tch, planted the poisonous soup and prepared to give it to the Old Princess?"

"Yes, yes!" "Princess, I couldn't stop her no matter how hard I tried. Moreover, she put the soup into her storage ring. Even if I wanted to knock over the soup bowl, I couldn't do anything. Please think of something!" Xi Hua said while kowtowing.

Zheng Shi was so angry that she kicked Xi Hua. "You, You Idiot!"

Nanny Sun came forward and said, "Princess, there will be plenty of opportunities to deal with this B \* Tch in the future. The most important thing now is to destroy the Soup Bowl. Otherwise, the consequences will be unimaginable!"

Zheng Shi nodded. That lowly son was dead. She could cover up the sky and cover up the sea with one hand. However, if the old princess was poisoned to death, both the old Royal Highness and Emperor Shengwu would definitely investigate to the end. At that time, it would be over!

Zheng Shi thought of this and hurriedly brought nanny sun to the old princess' residence. No matter what, she could not let the old princess drink the bowl of poisoned soup with added ingredients.

Seeing that Zheng Shi and Granny Sun had left, Xi Hua staggered to her feet and left Zheng Shi's courtyard. She had placed all her bets on Yun chujiu, so all she could do now was to wait.

Zheng Shi almost trotted to the old princess' courtyard. She did not even wait for the maid at the door to inform her before she barged in.

The old princess was just about to have lunch when she saw Zheng Shi barging in in a panic. She could not help but frown. "Boss, do you have something urgent?"

Zheng Shi did not answer the old consort. She hurriedly put the bowl of bamboo-sun chicken soup in the middle of the table into her storage ring and said,

"Mother, there's something wrong with the bamboo-sun used to make soup in the kitchen today. I was afraid that you wouldn't feel well after drinking it, so I rushed over. You haven't drunk it yet, have you? This little jiu is too much. Why did she give you soup out of the blue? She almost got into trouble."
