

The Yun Family's Ninth Child is an Imp! Chapter 3231

The old princess looked at Hei Xinjiu reproachfully. She had drunk the bowl of soup without confirming whether it was poisonous or not. What if it was poisonous? This child was too honest!

Zheng Shi's face alternated between green and white. Her mind was in a mess now. Why did she end up like this after going back and forth?

Zheng Shi could not figure it out for a moment, so she simply said, "Mother, it seems that this matter is very complicated. I'll bring Hong Yuan back and interrogate her severely. Then, I'll report the results to you."

The old imperial consort nodded. "Interrogate this B * Tch properly. She Won't frame Xi Hua for no reason. There must be something wrong inside."

Zheng Shi nodded and left with Hong Yuan and the others.

Yun chujiu stretched her neck and saw Zheng Shi leave. She immediately knelt on the ground.

The old imperial consort was shocked and thought that she was poisoned. "Little Jiu, what's wrong? Is there something wrong with that bowl of soup?"

"Grandmother, I'm sorry, I lied to You!" "Actually, Xi Hua didn't bring me this soup in the afternoon. She was the one who brought me this bowl of beef and yam soup in the afternoon, and it's highly poisonous." Yun chujiu took out a bowl of beef and yam soup and placed it on the ground.

The old princess was a little confused. "What, what's going on?"

“Grandmother, the master behind Xi Hua is eldest aunt. Eldest aunt used Xi Hua’s parents and younger brother to force her to poison me, trying to poison me to death. However, Xi Hua was very righteous and told me what happened.

“I was really scared at that time. I wanted to tell you the truth directly, but I was afraid that you wouldn’t believe me. Instead, big aunt accused me of framing her. “She is so powerful. I definitely can’t win against her. I will definitely suffer a loss.

“That’s why I used such a roundabout way to let you see her true colors. “If she wasn’t the mastermind behind the scenes, how would she know that I came to deliver soup to you?

If she was really so kind, why would her maid frame Xi Hua? Also, what did she say about being afraid of scaring me? I was almost burned to death earlier. Could it be that I’m afraid of these little tricks? She’s just trying to cover up the truth.”

Ji Mama sniffed the bowl of beef and yam soup and took out a silver needle to try it out. Then she said, “Master, there’s a soul severing powder in here. Just a little bit of it will kill you.”

The old consort slammed the table angrily. She gnashed her teeth in hatred. Then she was silent for a long time and sighed. “Little ninth girl, Get Up! What do you want grandmother to do?”

“Grandmother, I know that Zheng Shi is in the limelight now. You probably can’t do anything about it. That’s why I didn’t expose her face to face. This way, both she and you will have a way out. As for who she pushes out as a scapegoat, that’s none of our business.”

“Grandmother, I don’t have any other requests. You just have to think of a way to protect Xi Hua and Xi Xue’s family. Otherwise, they will be threatened again. They are also raised by their parents. I really can’t bear it.”

When Yun Chujiu said this, her eyes were filled with tears. She was obviously very wronged, but she didn’t cry or make a scene. The old Imperial Consort’s heart was about to break.

She thought that Yun Chujiu would definitely let her make the decision and settle the score with Zheng Shi. At the very least, she had to seek justice. She didn't expect that at this time, she would still think of her old bones. What a filial child.

The old princess asked Ji Mama to help Yun chujiu up and said, "Little Jiu, don't worry. I will protect the families of these two handmaidens. Zheng Shi would not dare to touch them. It's just that you have been wronged."

"Grandmother, I have not been wronged. I know that everyone has things that they can not do anything about. Moreover, after this matter, first aunt should be able to calm down for a period of time."

After Yun Chujiu finished speaking, she timidly glanced at the old princess consort. It seemed like she wanted to say something, but she didn't say anything.
