

The Yun Family's Ninth Child is an Imp! Chapter 3236

While Yun Chujiu was in a daze, Ji Mama and the others knelt on the ground. Yun Chujiu was dragged by Ji Mama and knelt on the ground as well.

Yun chujiu was baffled. What was wrong with her? !

“Miss Jiu, those in front are the graves of the ancestors of the Yun family. Hurry up and kneel,” Ji Mama said with a serious expression.

Yun chujiu suddenly realized that it was no wonder that a formation had been set up mysteriously. So this was the ancestral grave of the Yun Family?

This guy followed her and bowed a few times. To be honest, this guy didn't really feel a sense of belonging to the Yun family, so he had no feelings for the ancestors of the Yun family.

Not far from the ancestral grave of the Yun family, there was a tall mountain peak that reached into the clouds. According to Ji Mama, that was the Floating Cloud Mountain, and the Yun family nunnery was located halfway up the mountain.

As soon as they arrived at the gate of the nunnery along the stone steps, they heard an angry man shout from the courtyard:

“Are all of you dead? How did ye Lan escape?”

Yun chujiu craned her neck to take a look. Huh? Wasn't this the Duke of Yun Fengjian? Why was he here? Had her mother escaped?

Ji Mama's expression changed when she saw the Duke of Yun. Just as she was about to say something, the Duke of Yun turned his head and saw Yun Chujiu and the others.

King Yun stared at Yun chujiu with a malicious gaze and then said coldly, "Who told you to come here? Is this where you should be?"

The corner of Yun Chujiu's mouth curled up. "Eldest uncle, I should be asking you this. This is the Yun family's nunnery. Why is eldest uncle here? Even if it's to offer sacrifices to the ancestors, you can't come here, right?"

Seeing King Yun's gloomy expression, ji mama hurriedly said, "King, the old princess sent a servant to accompany Miss Jiu to visit Madam Ye."

Hearing that, King Yun's face softened a little and he said gloomily, "Ye Lan escaped, and it is said that he left with a wild man. Such an unscrupulous and shameless slut really deserves to be killed!"

Yun Chujiu's face suddenly turned cold. "First uncle, before the matter is clarified, please mind your words." "There is not only a formation here, but also so many people. How did the so-called wild man get in?" "Don't tell me that someone is trying to frame my mother, lock her up or kill her, and then charge her with a crime?"

Hearing Yun Chujiu's words, Duke Yun's expression became even uglier. He turned around to look at the people in the Yun family's Nunnery Hall. "Tell me, what is going on? If anyone is lying, I will kill her!"

Many nuns were kneeling on the ground, one of the nuns with triangular eyes said, "Prince, even if you lend US 10,000 guts, we wouldn't dare to lie to You!" San Jiaoyan said! That B * Tch Ye Lan has been sick recently. She didn't do the work assigned to her and even threatened us with suicide. We could only let her slack off.

However, unexpectedly, last night, a wild man came out of nowhere and rushed out with that B * tch in his arms. We had no way to stop him."

Before Duke Yun could say anything, Yun Chujiu jumped over and kicked the nun with San Jiaoyan. "F * ck you! You're the B * Tch! You're the one with the wild man!"

Yun chujiu was filled with anger. She could tell from the nun's words that ye Lan had been bullied by these people many times. She was furious!

Yun chujiu grabbed the neck of the triangular-eyed nun. "Tell me the truth. Where is my mother? If you dare to lie, I will strangle you to death!" San Jiaoyan's voice was filled with anger
