

## The Yun Family's Ninth Child is an Imp! Chapter 3239

After Yun Chujiu left the Yun family nunnery, she remained silent all the way.

The reason why she killed all the nuns was partly because she hated them for mistreating ye Lan, and partly because she wanted to silence them.

She felt that ye Lan was most likely saved by someone. After all, if they wanted to harm her, they could just kill her directly. There was no need to go through so much trouble.

If those nuns were interrogated by King Yun and found any clues, ye Lan would probably fall into his hands. At that time, he might use some despicable means to force ye Lan.

Since that was the case, she would cut off all clues. If her mother wanted to see her, she would naturally have a way to find her. Even if it was worse, when she took control of the cloud mansion in the future, her mother would definitely come and recognize her.

As for how she would take control of the Yun residence, that was completely out of this fellow's consideration. This fellow had always had this kind of mysterious confidence.

Yun Chujiu was thinking about something as she casually looked into the distance. Then, she was stunned.

Seeing that Yun Chujiu had stopped moving, JI MAMA said anxiously, "Miss Jiu, the sky is going to turn dark soon. We have to hurry."

Yun chujiu pointed at the ancestral grave of the Yun family in the distance. "Ji Mama, why do I feel that the shape of the ancestral grave is a little strange? Is it built according to the formation?"

The corner of Ji Mama's eyes twitched violently. "Miss Jiu, how is this possible? ! You must be upset because Madam Ye has gone missing."

Yun chujiu shook her head. It was true. She had never heard that the ancestral grave had to be built according to the formation. How many years would it take to complete the formation? !

The twenty guards brought by Ji Mama did not go up the mountain. They had been waiting at the foot of the mountain, so they did not know what had happened. However, when they saw the gloomy faces of Yun Chujiu and Ji Mama, they naturally did not dare to ask further, they quickly followed behind the two of them.

When they passed by the ancestral tombs of the Yun family, Yun Chujiu took a few more glances from afar. She did not find anything strange, so she followed Ji Mama and the others into the dense forest.

After walking for more than half a day, the sky had completely turned dark. They had no choice but to find an empty space in the dense forest and prepare to spend the night there.

Yun chujiu was rather uneasy and could not help but frown. She said to Ji Mama, "Ji Mama, we'd better hurry through the night. If anyone attacks us in this dense forest, I'm afraid it'll be difficult for us to escape."

Ji Mama could not help but laugh. "Miss Jiu, who in the East Phoenix Kingdom would dare to ambush us? ! Besides, we have twenty guards with us!"

Yun chujiu stood up. "Ji Mama, it's better to be careful in everything. Let's go. We'll travel through the night. If you want to rest, wait until we board the spaceship."

If Yun chujiu talked to herself like that before today, Ji Mama would definitely ignore her. She was just a country bumpkin who was not valued. How could she still want to command her?

However, after seeing Yun chujju kill more than ten nuns with her own hands, Ji Mama felt a little apprehensive.

Therefore, although she did not think much of it, she still ordered the guards to follow behind Yun Chujju and continue to move forward.

The guards were all very dissatisfied, but they were not in a hurry. Why did they have to rush through the night in the Dark? This ninth miss had a brain!

However, when they saw that Ji Mama seemed to be a little afraid of that country bumpkin ninth miss, they naturally couldn't say anything and could only follow.

Very quickly, they were surprised to find that the country bumpkin ninth miss was walking extremely fast, almost twice as fast as when she came.

They were very surprised. Wasn't this ninth miss only at the eighth layer of the ethereal space realm? How faster than them than the movement? This is too incredible!
