

The Yun Family's Ninth Child is an Imp! Chapter 3241

After hearing Yun Chujiu's words, although the masked men's movements slowed down slightly, they still attacked fiercely.

Yun Chujiu's heart sank. It seemed that these people should be Prince Yun's men of sacrifice. No matter how much she tried to deceive them, it would be useless. She could only hope that those people from the He clan would rush over as soon as possible.

Just as Yun Chujiu was pondering, the guards' defensive line was broken through. Several masked men charged straight at Yun Chujiu.

Ji Mama hurriedly took action to meet the enemy. Even though her spiritual power was not low, it was difficult for her to fight against four hands with two fists. Not to mention protecting Yun Chujiu, even her own life could not be saved.

Ji Mama thought to herself, it's over! None of them would survive!

Yun chujiu gritted her teeth. It seemed that she could only reveal all her trump cards. Just as she was about to release da Hua and Meng Yanshou, dozens of people rushed over.

Their faces were also covered with black cloth. Without saying a word, they started to fight with the masked men from before.

Yun chujiu let out a long sigh. Luckily, these people came in time. After she returned, she really had to thank he shi.

When the masked men from before saw that they were no match for them, the leader could only say gloomily, "Retreat!"

When they saw that the masked men had fled, the rest of them did not chase after them. They also did not greet Yun Chujiu and the others and left without a sound.

Ji Mama wiped the cold sweat off her forehead. She was puzzled. who were those people? Why did they have to save them?

However, it was obviously not the time to discuss this. Everyone hurriedly left the dense forest. After boarding the flying spirit tool, they flew toward the Yun mansion at the fastest speed.

Ji Mama looked at Yun Chujiu's cold little face and wanted to say something, but she hesitated.

"Ji Mama, I know what you want to say. Now, we have no other choice. You can tell Grandma about it. Besides grandma, no one can protect us. Besides, don't say anything about me killing those nuns," Yun Chujiu said coldly.

Ji Mama nodded. At this moment, she was so regretful that her intestines were turning green! If she had known that coming out would bring about a fatal disaster, she would not have come no matter what!

However, it was too late to say anything now. Ninth miss was right. Now, besides the Old Princess Consort, no one else could save them.

After the old princess consort received Ji Mama's voice transmission talisman, she almost fainted from anger.

When the old princess saw the old Royal Highness, she told him everything, the Old Royal Highness immediately flew into a rage. "Vile creature! He's simply worse than a pig or a dog! Coveting his sister-in-law and chasing after his niece, what is he trying to do? ! I'll ask an imperial decree to cripple this beast right now!"

The old consort pulled the furious Old Royal Highness back. “Royal Highness, calm down first. You have to think twice! That Beast, boss, is really hateful. However, the Yun family Army’s Tiger Talisman is in Boss’s hands. If he were to be flustered and go all out, I’m afraid that even the emperor would be apprehensive and would not agree to it at all.

“Moreover, with this mess, our Yun family’s reputation will be completely ruined! “If things go wrong, the Yun family will fall apart and it will be even harder to end things.”

The Old Royal Highness panted heavily as he sat on the chair dejectedly and said, “Back then, I shouldn’t have given the Yun family Army’s Tiger Talisman to that bastard! “Back then, when Feng Jin was in trouble, my mind was in a mess. I was muddle-headed and let that bastard take control of the military. I really regret it back then!”

The old princess sighed again and again. “Your Highness, it’s not your fault. The third, fourth, and fifth are all more useless than the last. At that time, we could only let the eldest inherit the throne. “If the second was still alive, we wouldn’t be in such a difficult situation. Sigh!”
