

The Yun Family's Ninth Child is an Imp! Chapter 3247

Those people were instantly dumbfounded!

That's right, they were simply blinded by lard!

No matter how Bad Yun Chujiu was, she was someone that the national master wanted to take in as a disciple. She was someone that the national master thought highly of, yet they made her look so bad. wasn't that insulting the National Master's taste?

Those people were finally afraid!

If they were sent to the government, insulting the imperial tutor would be a big crime. They might even be punished to dig for mines. If they were not careful, they might lose their lives.

The more they thought about it, the more afraid they became. They fell to their knees with a plop.
"Ninth miss, we were all out of our minds just now, so we said some nonsense. Please have mercy on us, my Lord!"

"Yes, ninth miss, we are also people. Our brains are not good, and we are stupid. Please treat us as farts!"

"Miss Jiu, I have a mother and a child waiting to be fed. Please spare me this time!"

..

Yun chujiu did not speak for a long time. Just when those people were in despair.., yun chujiu said indifferently, "It's not that I'm ruthless. It's just that a woman's reputation is too important. However, you have also been fooled. Forget it, you can leave!"

When those people heard Yun Chujiu's words, they immediately kowtowed and bowed, and then left dejectedly.

Yun chujiu looked at the rest of the onlookers and said with a faint smile, "I don't know where you heard that version of me, making me sound so unbearable."

In fact, the matter was very simple. The Imperial preceptor had indeed taken a fancy to me, but because I already had someone in my heart, the Imperial Preceptor had helped me.

"As for sacrificing my body to the Divine Phoenix, it was also because the divine Phoenix felt that I had a pitiful background and was kind-hearted, so it didn't take me in. "If the Divine Phoenix dislikes me, wouldn't it be better to just kill me to avoid being an eyesore?"

After Yun Chujiu said this, she brought along the stunned Xi Hua and Xi Xue and continued strolling forward.

The onlookers pondered for a while, and it seemed that what Yun Chujiu said was the truth. What she said earlier was really a bit ridiculous, so they all dispersed after discussing in low voices.

Not far away, two men stood on the second floor of an inn. They had a clear view of what had just happened.

"Zhichen, this ninth sister of yours is really not simple. She broke the rumor with such a simple toss. No wonder the imperial tutor wants to take her as a disciple."The one who spoke was the fifth prince, Leng Tianhong.

The man beside the fifth prince was Yun Zhichen, the third son of the Yun family. He frowned. "Your Highness, although this ninth sister of mine is eloquent, she is too sharp. She is just a little girl."

The fifth Prince looked at Yun Zhichen with a smile that was not a smile, then he said, "Zhichen, I think she is not simple. How can the person that the national advisor has his eyes on be simple? ! And I heard that the reason why King Yun brought her back should be a hint from father."

Yun zhichen frowned even more. Then he said, "Is it a hint from the emperor? If it was a hint from the emperor, why would eldest uncle have the intention to kill her?"

"It's very simple. I reckon that King Yun feels that she has no value after rejecting the national advisor. Furthermore, she has exposed his scandal. Naturally, he will kill her to silence her."The fifth Prince's face was filled with disdain and a cold smile.

Without waiting for Yun Zhichen to speak, the fifth prince continued, "You are the only good person in Your Yun family right now. The rest are either mediocre, incompetent, or immoral. Therefore, you are the most suitable person for the position of King Yun.

"However, Yun Fengjian has a solid foundation now. I'm afraid we can't do anything to him in a short time. We still have to plan slowly."
