

## The Yun Family's Ninth Child is an Imp! Chapter 3252

Yun Zhichen, who was standing behind the fifth prince, had a flash in his eyes. He had not expected that his ninth sister would be so interesting.

Not only did she dare to reject the national advisor, but now the fifth Prince had also rejected her. Was it because she was ignorant and fearless, or was it because her lover was more outstanding than these two people?

At this moment, he also understood the meaning behind the fifth Prince's previous words. It seemed that the fifth prince intended to marry his ninth sister and gradually take over the Yun family's army. This would greatly benefit him in ascending to the throne. It had to be said that in terms of scheming..., the fifth prince was much stronger than the crown prince!

After a moment, the fifth Prince's expression returned to normal. He smiled and said to Yun Zhichen, "Your ninth sister is different from the rest. This prince's interest in her is growing."

Yun Zhichen: "..."

He smiled. "The fifth Prince is joking. Ninth sister may have just arrived at towering sky continent, so she is not very sensible and offended your highness. I Hope Your Highness does not mind."

The fifth prince gave Yun Zhichen a deep look. "Zhichen, why do I feel that you are not very supportive of me pursuing your ninth sister?"

The smile on Yun Zhichen's face did not diminish. "Your Highness, you are thinking too much. It is her fortune that you have taken a fancy to little jiu. You are just afraid that she is not sensible and will annoy you. Moreover, she had previously rejected the imperial preceptor. If you really asked to marry Little Jiu, I'm afraid that the emperor might not necessarily agree to it out of consideration for the Imperial Preceptor's face."

The fifth prince frowned. This was indeed a problem. He had to test the imperial tutor and his father's attitude first.

Yun chujiu brought Xi Hua and Xi Xue to eat and drink. After buying a lot of food, she rode the giant rabbit back to the Yun mansion.

As soon as she entered the Yun Mansion, a maid came over and said, "Ninth miss, the old princess has asked for you to come over."

Yun chujiu sneered in her heart. It was probably that little b \* Tch Xi Yue who had complained. Just jump around, you won't be able to jump around for more than a few days anyway.

Yun Chujiu let Xi Hua and Xi Xue return to the courtyard first while she jumped into the old imperial consort's courtyard by herself.

As soon as she entered the house, she saw that Zheng Shi and Princess Xi Yue were both there. The old imperial consort sat on the main seat with a gloomy expression.

"Grandmother, I bought your favorite almond cake and Zhang Ji's shortbread. I waited for a long time before I bought them! They're still warm now, please try them." Hei Xinjiu smiled and came to the old imperial consort's side and said.

The old consort's expression immediately eased up. Seeing this, zheng shi hurriedly said, "Little Jiu, I heard from Xi Yue that you spent 25 million upper-grade spirit stones to buy five puppets. Is that true?"

Yun chujiu nodded. "Yes, that's true." Aunt, it's good that you're here. Please report the bill to me. I haven't enjoyed the treatment of a miss of the Yun mansion for so many years, so I'll treat it as a one-time compensation. I Won't mind if I suffer or not."

Zheng Shi's face stiffened. She had never expected Yun chujiu to say that.

“Little Jiu, it’s not that first aunt doesn’t want you to spend money, but even if we have money, it’s not the way to spend it, is it? Twenty-five million to buy five puppets is simply not worth it.”

Yun Chujiu’s face revealed a slightly mocking expression. “First aunt, why do you think I buy puppets? Of course, it’s to protect myself. I’m so weak, and people often want my life. Of course, I have to spend a lot of money to buy some things to protect myself.

Although the puppets are weak, the materials used to make these five puppets are very hard. At least they can buy me some time to escape. In My Eyes, my little life is much more important than spirit stones!”

When the old imperial consort heard Yun chujiu say this, the anger on her face immediately turned into pity and guilt, she said, “Boss, Little Jiu is right. She has been living on the streets all these years. Not to mention spending 25 million, even spending 100 million is not excessive. You should pay her back!”
