

The Yun Family's Ninth Child is an Imp! Chapter 3254

Yun Chujiu had just returned to her own courtyard. Before she could play with the puppets, there was a knock on the door.

Yun Chujiu asked Xi Hua to open the door. It was Yun Zhichen.

Yun Zhichen was ranked fifth, so Yun Chujiu said with a smile, "Fifth brother, why are you looking for me? Are you here to teach me a lesson about spending money?"

Yun Zhichen smiled. "Your own money, of course you can spend it however you want. I have other matters to discuss with you. Let's talk in the Study Room!"

Yun Chujiu asked Xi Hua and Xi Xue to keep an eye on the outside before entering the study room with Yun Zhichen.

"Little Jiu, you really have guts! What exactly do you want to do to incite my mother to do those things?" Yun Zhichen said sternly.

He had returned early today. When he was paying his respects to the He clan, when he mentioned Yun Chujiu's matter, the He clan hesitated for a moment and decided to tell him about it. That was why he had come looking for Yun Chujiu to settle the score.

Yun Chujiu did not care about Yun Zhichen's serious expression at all, she casually sat down on the chair. "Fifth brother, you're so smart, so you naturally know what I want to do. I'm even more curious. Fifth brother, what do you want to do by following the fifth Prince?"

Yun Zhichen did not say anything. He stared coldly at Yun Chujiu. Yun Chujiu's clear eyes did not show any signs of weakness as she stared at him. The two of them looked at each other for a long time before Yun Zhichen chuckled and said,

“As expected of second uncle’s daughter. What a good scheme. You treat our three branches like knives. Do you think that our three branches are all fools?”

Yun chujiu poured a cup of tea for Yun Zhichen and said with a smile, “Fifth brother, that’s not true. Hasn’t third aunt’s long-cherished wish been to become Consort Yun?”?

“As for fifth brother, isn’t your heart and soul also focused on becoming the crown prince of the Prince’s estate, or even the Duke of Yun? !”! “Otherwise, why would you have to follow the fifth prince around and work hard? !”!

“I’m merely helping you guys!”! “Fifth brother, you should be thanking me instead. Why are you still questioning me?”

Yun zhichen snorted coldly. “Ninth sister, you are indeed smart, but don’t try to be smart! The matter of the East Phoenix Kingdom is not as simple as you think.”

Yun chujiu took out a spirit fruit and took two bites, only then did she say, “What’s not simple about it? Isn’t it just that the few members of the imperial family are also keeping an eye on the Yun family army? Isn’t it just that the side of the bed doesn’t allow others to Snore? It’s very simple to solve this problem. Wouldn’t it be fine if the emperor were fifth brother instead? !”

Yun Zhichen was so frightened that he almost fell off his chair, “Shut Up! What Nonsense Are you spouting? !”

Yun chujiu said nonchalantly, “Fifth brother, what are you nervous about?”? ! As the saying goes, the emperor takes turns to be the emperor, so what’s wrong with our Yun family doing it ? ! Otherwise, no matter who ascends the throne, they will treat our Yun family as a thorn in their flesh. Since that’s the case, let’s destroy them and replace them!”

Yun Zhichen looked at Yun Chujiu in shock. He never thought that this ninth sister would be so audacious!

He followed the fifth prince because he wanted to help the fifth prince ascend to the throne. When that time came, he would be able to control the Yun family. Otherwise, in terms of seniority, the Crown Prince would never be able to become his.

However, overthrowing the throne was something that he did not dare to even think about.

After a long while, Yun Zhichen finally said, "Little Jiu, the Leng family is a royal family that has been recognized by the heavens. Even if our Yun family really has the strength to overturn the Leng family, the citizens of the Dongfeng Kingdom will not recognize us."

Yun Chujiu curled her lips. "What do you mean by the recognition of the heavens? It's just a few tricks! For example, if there's a big rock somewhere, or if there's a messy note in the fish's stomach, then we'll just have to make a few things!

"Fifth brother, otherwise, do you think that the royal family is so awesome that they would still be afraid of Our Yun Family? "It's all fake, it's all lies!"
