

## The Yun Family's Ninth Child is an Imp! Chapter 3261

The crown prince, Leng Tianche, shouted in exasperation, "Why aren't you guys coming to save me? ! What Nonsense are you spouting? !"

Yun Zhifeng finally came to his senses and quickly ordered the members of the Yun family to come forward and help.

The faces of the members of the Yun family were solemn. A level 52 Chi Mang was equivalent to a cultivator in the ninth layer of the spiritual illusion realm. Even if all of them were added together, they might not be a match for it.

However, they had to save the crown prince. Otherwise, they would be exterminated if they went out.

The only hope they had now was that other families would come over. This way, they might be able to force Chi Xiao to retreat.

Hei Xinjiu could not be of much help. She climbed up a crooked tree and craned her neck to look around. Unfortunately, there was no one in sight. It seemed that there would be no reinforcements for a while.

Yun chujiu did not know much about the demonic beasts of the towering sky continent, so she did not know what weaknesses the Chi Xiao had. She could only stretch her neck and shout, "You guys should attack its weakness instead. It's a waste of spiritual energy to attack it randomly."

Yun xiluo shouted unhappily, "What do you know? ! If we knew its weakness, how could we not attack it? !"

Yun chujiu pouted. "The weakness of a demon beast is nothing more than its eyes, its back, and its courtyard. Why Don't you just attack these two areas? You're so stupid!"

Everyone was furious. You're still making sarcastic remarks without helping us. How hateful! However, when they thought about what she said, it made sense. Therefore, the focus of everyone's attack was on Chi Xiao's eyes, its back, and its courtyard.

They didn't know if it was a lucky hit, but Chi Xiao seemed to be very afraid of these two places, and slowly fell into a disadvantage.

Chi Xiao glared fiercely at Hei Xinjiu who was on the crooked tree. This damn girl was really hateful! Even if it couldn't eat others today, it would eat her to vent its anger!

Therefore, when Chi Xiao saw that it was no match for her, it suddenly kicked its back leg and broke the crooked tree with a claw. It carried Hei Xinjiu and disappeared with a whoosh.

Yun Zhichen cried out in surprise, "Little Jiu!"

Just as Yun Zhichen and Yun Xilian were about to chase after Chi Xiao.., princess Xi Yue said sorrowfully and helplessly, "I'm afraid that little jiu has already been eaten by Chi Xiao. If we go, it will be a waste of our lives. "Moreover, more than half of the Crown Prince's guards are dead and injured. Protecting the crown prince is more important."

"But, are we just going to watch as Chi Xiao is captured by Chi Xiao? Are We just going to let him die? What if Chi Xiao Isn't Dead?"Yun Xilian said with slightly red eyes, although they had only been together for a few days, she still sincerely treated Yun chujiu as her younger sister and doted on her.

Princess Xi Yue avoided Yun Xilian's eyes and looked at the crown prince, Leng Tianche.

Leng tianche naturally did not want to look for Yun Chujiu. Putting aside whether it was worth saving that country bumpkin, just for the sake of safety, he also did not want to face that Chi Xiao again.

Therefore, he was very satisfied with Princess Xi Yue's words just now. As expected of the woman he valued, they were indeed on the same side.

Seeing that Princess Xi Yue did not look at her, Yun Xilian looked at Yun Zhifeng. After all, Yun Zhifeng was the one who kept his word. He would not leave her to die.

Who would have thought that Yun Zhifeng would frown. "Xi Yue is right. Little Jiu is basically dead. Since that's the case, we naturally put the safety of the Crown Prince First."

Yun Xilian then looked at Yun Xilian and the others. Everyone avoided her gaze. Clearly, they did not intend to save Yun Chujiu. Yun Xilian could only look at her brother, Yun Zhichen.
