

The Yun Family's Ninth Child is an Imp! Chapter 3262

At this moment, Yun Zhichen's heart was very conflicted. He naturally wanted to save Yun Chujiu. Whether it was family ties or partners, he did not want Yun Chujiu to lose her life.

However, the current situation was obvious. Whether it was the crown prince or Yun Zhifeng and the others, they did not want to save Yun Chujiu. Just him and Yun Xilian alone would not be able to save Yun Chujiu, they might even lose their lives.

Yun Zhichen could only shake his head at Yun Xilian. Yun Xilian's eyes turned even redder. Could it be that she could only watch them die?

At this moment, another group of people came from afar. Yun Zhichen saw them and his heart skipped a beat. Perhaps there was a turning point.

The person who came was the fifth prince, followed by ten guards.

The fifth Prince walked closer and saw the corpses on the ground and the sorry state everyone was in. He asked in puzzlement, "Royal brother, what happened?"

The crown prince said snappily, "We encountered a level 52 Chi Xiao. What bad luck."

The fifth prince was stunned. "Chi Xiao? Didn't they say that the highest level demon beast in the Divine Phoenix Valley is only level 50? Why would a Chi Xiao appear?"

The crown prince snorted. "How would I know? ! If it wasn't for Xi Yue and the others, I'm afraid that I would be in deep trouble. You wouldn't be hiding somewhere else and deliberately didn't come to save me, would you?"

The fifth Prince had a helpless look on his face. "Royal brother, how can you say that? ! If I had seen it, I wouldn't have left it to die."

The crown prince snorted and didn't say anything.

The fifth prince swept his gaze across the crowd and frowned. He looked at Yun Zhichen. "Where's your ninth sister? Isn't she with you guys?"

Yun Zhichen had a sorrowful expression on his face. "Your Highness, when that Crimson Mandrill escaped, it took little nine away. I originally wanted to save her, but..."

Yun Zhichen did not continue. The fifth Prince's eyes flashed and he understood the general situation. He clenched his fists, after a moment of silence, he said, "Which direction did that Chi Xiao Go? I'll go and take a look. Perhaps ninth miss is still alive due to her great fortune."

Yun Xilian immediately said, "I know the direction. I'll Take You There!"

The fifth prince nodded. "Then I'll have to trouble eighth miss. There's no time to lose. Let's Go!"

Yun Zhichen looked troubled. Then, he said to Yun Zhifeng, "Big Brother, I'm worried about Xilian. I'll go and take a look too."

Yun Zhifeng's face was gloomy. It was obvious that he was very dissatisfied with the actions of Yun Zhichen and Yun Xilian. They didn't take him seriously at all and openly disobeyed his orders.

He said unhappily, "Fifth brother, Xilian, you have to know that our mission is to protect the crown prince and protect the Yun Mansion's honor. You know that there's no need to save little jiu. Why must you insist on doing it?"

“If you go, don’t come back to our team.”

Yun Zhichen looked hurt, but he still said, “No matter what, I’ll go with Xi Lian to take a look. I’m sorry, Big Brother.”

After saying that, Yun Zhichen bowed to the crown prince, and then quickly chased after the fifth prince.

Princess Xi Yue’s eyes flashed, and then she said, “Your Highness, you don’t have to mind. Fifth Brother is usually close to the fifth prince, so it’s normal for him to follow.”

The crown prince’s expression instantly darkened. Yun Zhichen still had the Prince of Peace’s estate behind him, and the fifth Prince was planning everything according to his wishes! Unfortunately, although the Prince of Peace’s estate was not small, it could not be compared to the prince of Yun’s estate at all, and it could not even be compared to the Yun family army. He really had the wrong plan!
