

The Yun Family's Ninth Child is an Imp! Chapter 3264

Most of the people in the East Phoenix Country had fire spirit roots. Although many people knew that the Nirvana Pearl would not fall into their hands, they still ran towards the place where the flames rose.

On the way, the fifth Prince and the others met the crown prince and Princess Xi Yue. The crown prince saw that Yun Chujiu was not in the team, he could not help but say coldly, "Fifth brother, how is it? I told you that Yun Chujiu would not survive, right? You still insisted on saving her. You didn't manage to save her, did you?"

The fifth prince shook his head helplessly. "We didn't even discover that Chi Xiao, let alone Miss Jiu."

The Crown Prince Glanced at the fifth prince and said, "The Nirvana Pearl should have appeared in front of us. This nirvana pearl belongs to me. Don't think of anything."

The fifth prince smiled bitterly again. "Royal Brother, you're worrying too much! How would we dare to snatch it from you? It's just that the demon beasts of the Divine Phoenix Valley have all come over. You should be thinking about how to snatch the Nirvana Pearl from the hands of those demon beasts."

The crown prince clearly did not consider the demon beasts. Hearing the fifth Prince's words, his expression immediately became very ugly. If the demon beasts of the Divine Phoenix Valley were all gathered there, he would not be able to obtain the Nirvana Pearl at all. He could only look at the Pearl and sigh.

When everyone arrived at the place where the flames were rising, they discovered that it was already filled with demonic beasts. Moreover, there was no lack of high-level demonic beasts. The Crown Prince's heart immediately turned cold. Forget about snatching the Nirvana Pearl, they did not dare to get too close.

It seemed that the Divine Phoenix Valley had always had high-level demonic beasts. They only did not come out normally. This time, the Nirvana Pearl appeared, so they all came out.

This could also explain why they met that Chi Xiao. The senses of demon beasts were much stronger than that of humans. The Chi Xiao probably sensed that the nirvana pearl was about to appear, so it came out from the depths of the Divine Phoenix Valley.

When everyone was looking around, they saw a huge creature running over from another direction. It was the Chi Xiao that had attacked them previously.

However, what was that thing on the back of Chi Xiao?

Everyone rubbed their eyes and looked closely. They saw a little girl sitting on the back of Chi Xiao. There seemed to be something hidden in her sleeves. She was eating leisurely.

“Yes, it’s that country bumpkin, Yun Chujiu! She’s not dead!” Yun Xi Luo exclaimed loudly.

Everyone looked at Yun Chujiu who was on Chi Xiao’s back in shock. Not only was Yun chujiu not eaten by Chi Xiao, but she was riding on Chi Xiao’s back instead? ! How was this possible? !

Was that Chi Xiao Stupid?

Princess Xi Yue’s eyes flashed with a trace of disappointment. She was not dead even like this? This B * Tch was really lucky! She thought for a moment and shouted, “Little Jiu, you’re still alive. That’s great! Come quickly, it’s dangerous inside!”

Yun chujiu turned to look at her and said faintly, “Sister Xi Yue, I was eaten by Chi Xiao a long time ago. I’m a ghost now.

I died so miserably. I was eaten by Chi Xiao until only my bones were left. Sister Xi Yue, I’ve always treated your sister so badly, but you actually didn’t save me. I’ll go and have a good chat with you tonight.”

Princess Xi Yue was so frightened that she staggered. If Yun Xi Luo and Yun Xi Yan hadn't held her up, she would have fallen to the ground.

However, Yun Xi Luo and Yun Xi Yan were also slightly trembling. They had also left her in the lurch just now. Could that country bumpkin have gone to look for them tonight?

Yun chujiu glanced at the crowd again, then turned her head and sat on Chi Xiao's back as she entered the crowd of Demon Beasts. The surrounding demon beasts were all low-level, so they naturally didn't dare to stop Chi Xiao. They let Chi Xiao Walk all the way to the innermost part of the crowd.
