

The Yun Family's Ninth Child is an Imp! Chapter 3265

The deeper they went, the higher the level of the Demon Beasts. However, as the Divine Phoenix Valley was closed, the highest level of the demon beasts was level 52 like Chi Xiao.

When the demon beasts saw Yun Chujiu on Chi Xiao's back, they were all dumbfounded. Was this Chi Xiao's brain damaged? Why was she carrying a human girl?

And the fruit that the little human girl was chewing seemed to taste like fiery fruits? Weren't humans very precious in these fruits? Weren't they reluctant to eat them?

"Big Fatty, put me down. I'll roast meat for you to eat." Yun Chujiu threw the core of the fruit into the pit and said to Chi Xiao.

Big Fatty?

Those high-level demonic beasts were stunned at first, then they laughed until they fell back. This name was really too outdated!

Chi Xiao's face was already red, and now it was even redder. It gritted its teeth. It didn't want to do this, alright? Chi Xiao recalled the experiences of the past two days and wanted to cry. If it knew that this wretched girl was a pervert, it wouldn't have captured her at that time!

Two days ago, Hei Xinjiu had been cheering from the crooked tree. She had never dreamed that Chi Xiao would suddenly attack her.

By the time she reacted, Chi Xiao had already grabbed her clothes and was running wildly.

Hei Xinjiu's heart was like a beeping dog. Why did this damn Chi Xiao attack her? ! Was it picking on the weak? !

Chi Xiao wanted to eat Yun Chujiu, but it was afraid that the crown prince and the others would chase after it, so it ran all the way until it reached its nest. It then threw Yun chujiu on the ground and prepared to have a good meal.

It was not worried that Yun Chujiu would run away. Such a weak chicken could not escape from its palm.

Yun chujiu tried to fool Chi Xiao, but Chi Xiao did not buy it, hei Xinjiu put her hands on her hips. “Ugly monster, do you think I’m afraid of You? ! I gave you a chance just now. Since you don’t cherish it, Don’t blame me for being rude!”

Chi Xiao let out a strange laugh. This human girl was most likely scared silly by it. was she the only one who was rude to it? She wasn’t afraid of losing her tongue.

Yun Chujiu’s eyes deepened. She could use this mandrill to test her puppet. Even if she couldn’t win, there was enough time for her to escape.

Therefore, Yun Chujiu raised her hand and puppet No. 1 was released.

“No. 1, go and kill it!”Hei Xinjiu said coldly.

Chi Xiao took a step back in shock and then curled his lips in disdain. So it was such a thing! Although it looked sturdy, this thing was extremely stupid and was not its match.

Chi Xiao’s disdain quickly turned into surprise. He did not expect this broken thing to be surprisingly agile. The worst thing was that this broken thing was very sturdy and Chi Xiao’s damage to it was extremely limited.

However, Chi Xiao knew that the puppet's weakness was its abdomen. Thus, he desperately attacked puppet no. 1's abdomen. Puppet No. 1 could only protect its abdomen to prevent Chi Xiao from destroying its puppet disk and gradually falling into a disadvantageous position.

Chi Xiao was very proud. No matter how powerful this thing was, it was still a dead object. It was not its match at all.

Just as Chi Xiao was feeling proud, he heard the little human girl say faintly, "Ugly monster, I did not expect you to be so powerful. Since that's the case, I can only gang up on you!"

Before Chi Xiao could react, another four puppets were released. Chi Xiao almost fell to the ground. Damn it, how could he bully a beast like this!
