

## The Yun Family's Ninth Child is an Imp! Chapter 3267

The fifth Prince looked at Yun chujiu with a burning gaze. This Yun chujiu must be extraordinary, or else she wouldn't have subdued Chi Xiao.

After they left the Divine Phoenix Valley, he would issue an imperial decree to marry his father. At that time, she could only obediently marry him.

Princess Xi Yue glanced at the fifth prince's infatuated gaze and secretly hated him. That damned slut! Not only was she not bitten to death by Chi Xiao, but she had also gotten a great bargain. How hateful!

Could those demonic beasts have been reincarnated as hungry ghosts? Wasn't it just a few pieces of broken roasted meat? ! Was there a need to be so greedy? ! A bunch of idiots!

Right at this moment, she heard Yun Chujiu cry out in surprise. Then, she fell into the deep pit and was instantly engulfed by the raging fire!

Princess Xi Yue was first shocked, then delighted. However, her expression was one of shock and grief. "W-what exactly is going on?"

Yun zhichen sighed. "It seems that when those high-level demonic beasts were fighting over the roasted meat, they accidentally bumped into little jiu into the fire pit."

Yun Zhifeng snorted coldly. "She brought this upon herself. Just now, Xi Yue asked her to come over, but she insisted on going inside. She could only blame herself if she lost her life."

When the surrounding people heard Yun Zhifeng's words, they all felt that this crown prince Yun was a little too cold and heartless. His cousin had died, but he was not sad, but instead ridiculed her. He was really cold-blooded.

However, when everyone thought of Yun Chujiu's awkward situation in the Yun mansion, they felt relieved. No one in the Yun mansion would care about Yun Chujiu's life or death.

The fifth Prince's eyes were red. Of course, he was not sad for Yun Chujiu, but because his bright future had been destroyed once again.

Just as everyone was thinking about it, they were surprised to find that the fire in the fire pit had started to weaken. Could it be that the Nirvana Pearl was about to appear?

The high-level demonic beasts widened their eyes and prepared to fight for the Nirvana Pearl as soon as possible.

Finally, the fire was extinguished. However, there were no nirvana pearls at the bottom of the pit. Instead, there was a little girl looking at them with a smile.

The little girl was holding a shovel with a red bead on it. The shovel was melting at a speed visible to the naked eye. The little girl said curiously, "What kind of bead is this? It's actually so hot! Take it and play with it!"

As Hei Xinjiu said that, she threw the spade and the bead far away with all her might. Immediately, all the high-level demon beasts ran toward the bead.

Chi Xiao was about to fight for the bead when he heard Hei xinjiu cursing in his spiritual sense, "You dumbass! Hurry up and take me away, or we will both die!"

Chi Xiao did not understand, but when Yun Chujiu jumped onto its back, it still jumped out at the fastest speed in its life. Hei xinjiu shouted angrily, "Damn fatty! Are You in a hurry to Pee? ! Why are you running? !"

Chi Xiao gritted its teeth in anger, but it did not dare to disobey Yun Chujiu's order. It brought her along and ran.

The high-level beasts were all fighting for the red bead. The low-level beasts did not dare to stop Chi Xiao, so Chi Xiao quickly disappeared into the depths of the Divine Phoenix Valley.

After running for a distance, Yun chujiu could not wait to throw Xiao Heiniaoh on the ground.

Chi Xiao was stunned. What the hell was this fat ball-like bird? !

Xiao Heiniaoh quickly turned into a fireball. Fortunately, with the previous experience, it began to roll around on the ground. Wherever Xiao Heiniaoh rolled, all the grass and trees were instantly turned into ashes.

Chi Xiao was so scared that he almost fell to the ground. This, could this be the fire of Nirvana?

Chi Xiao suddenly had a flash of inspiration. Could it be that what the little girl threw out was not the nirvana bead, but the real nirvana bead was swallowed by this fat bird?
