

The Yun Family's Ninth Child is an Imp! Chapter 3268

Chi Xiao was shocked and despised in his heart. These two pets were most likely idiots. Could This Nirvana Pearl be casually swallowed?

High-level fire-type demon beasts like them would find it very difficult to endure after swallowing the nirvana pearl, not to mention this level 1 fat bird! It was simply courting death!

However, this fat bird was quite resistant. Why was it not burnt to ashes after such a long time?

Chi Xiao's eyes lit up. If this fat bird was burned to death, would the nirvana pearl be able to belong to it? If it really couldn't, even if it had to compromise and accept this little girl as its master, it would still be fine. After all, the Nirvana Pearl was a treasure that might not be found even in ten thousand years!

When Chi Xiao thought of this, he began to hope that the little black bird would be burned to ashes as soon as possible. This way, he would be able to take advantage of it!

Who would have thought that Xiao Heiniaoy would roll around and suddenly become bigger. Her originally round body had become a graceful arc. Although her body was still covered in black feathers, there was an indescribable brilliance and splendor about her, there was also a sense of nobility that looked down on the world.

Xiao Heiniaoy raised her neck and let out a loud cry towards the sky!

"Clang, Clang, Clang..."

The Phoenix flew and Clang Clang Clang Clang!

F * ck! This fat bird was actually a Phoenix!

Chi Xiao immediately knelt on the ground trembling. Oh God! It was actually a divine Phoenix! No wonder this little girl was so abnormal. So it was the master of the Divine Phoenix!

A trace of doubt flashed through Chi Xiao's mind. It was said that the Divine Phoenix of the Divine Phoenix Valley was a five-colored Phoenix. Why was it only black?

Forget it. Regardless of whether it was a five-colored Phoenix or a black phoenix, they were all phoenixes. It was fine as long as it submitted.

The Demonic Beasts and demonic birds in the Divine Phoenix Valley felt a huge pressure. Xiao Heinia's noble bloodline had an absolute suppression on them. All the Demonic Beasts and demonic birds prostrated on the ground, trembling as they bowed and submitted.

It was not only the demonic beasts of the Divine Phoenix valley who were like this. At the same time, almost all the demonic beasts in the entire towering sky continent knelt and bowed in the direction of the Divine Phoenix Valley at the same time.

The ancient godly beasts were the gods of the demon beasts in the world. This kind of reverence flowed in their blood. They had no other choice but to kneel and submit.

Hei Xinjiu touched her chin. This kind of scene seemed familiar!

At this time, Xiao Hei was indeed quite awesome. However, it could only last for a moment. How could she escape later?

She had to think of a way to escape. Otherwise, not only those demon beasts, the crown prince and the rest would not let her go either.

Hei xinjiu blinked her eyes and looked around. Then, she walked to the underbrush that had not been burned. She took out a red-feathered peacock egg from the great void Mystic Realm and cracked it, she placed the cracked side of the egg on the underbrush.

Hei Xinjiu took out a few feathers and placed them on the egg. When she was teleported to the dark continent, she fell into a large bird nest. When she left, she took some feathers. She did not know what kind of demonic bird it was, it was likely that the people from the towering sky continent had never seen it before. It was a good opportunity to trick them.

Chi Xiao looked at Yun Chujiu's actions with a dumbfounded expression. What was she trying to do?

At this moment, Xiao Heiniaio returned to its original appearance. To be exact, its body had gained another round of weight. It was more like a ball now.

Yun chujiu did not need to ask to know that this fellow had finished acting cool. She ignored Xiao Heiniaio's fawning look and put it into her storage ring. Then, she gave Chi Xiao a few instructions.

Chi Xiao's huge eyes were wide open. This fellow was too mean!

However, would this work?

Yun chujiu did not care what it thought. She walked to the grass that was not affected and lay down on the ground, pretending to be dead.
