

The Yun Family's Ninth Child is an Imp! Chapter 3269

Chi Xiao was stunned for a moment. When he felt the ground shaking, he quickly ran to Yun Chujiu's side and lay on the ground, pretending to be dead.

A moment later, some high-level demon beasts ran over.

The crown prince and the others followed from afar. They were extremely excited. That huge pressure just now should have been released by the Divine Phoenix. Could it be that the Divine Phoenix had appeared? Or could it be that a little divine Phoenix had appeared?

However, even if they wished they could run over and take a look, they could only watch from a distance due to the pressure of those high-level demonic beasts.

When those high-level demonic beasts came close, Chi Xiao slowly woke up and used his claws to pull Hei Xinjiu. He thought to himself, "It's about time. Did he really fall asleep?"

Hei xinjiu rubbed her eyes and jumped up immediately. She pointed at the scorched grassland in the distance and exclaimed, "Phoenix! I Saw A Phoenix just now! eh? Why Is it gone?"

Chi Xiao's eyes twitched for a moment, and then he revealed a dazed expression. He cried out a few times to show his surprise and confusion.

Seeing this, the high-level demon beasts roared at Chi Xiao and Hei Xinjiu. Their intention was self-evident. They wanted Chi Xiao and Hei Xinjiu to tell them what had happened.

They fought for the red bead for a long time. Later, they found out that it was just a broken stone. They were so angry that they almost died!

Yun chujju looked puzzled. “Big Fatty told me that when you were fighting for the bead, it suddenly needed to Pee. “It was a decent beast. Naturally, it was embarrassed to do that in public. So, it carried me all the way. I didn’t expect...”

When Yun Chujju said this, a look of infatuation appeared on her face. “I didn’t expect that we would actually see the Phantom of a divine Phoenix there. You guys didn’t see it. The Divine Phoenix looked down at the world with such nobility that it was simply breathtaking. However, the pressure was too strong, so I fainted later on. Big Fatty, you fainted later on too?”

Chi Xiao nodded with a stiff expression. He was so aggrieved in his heart that he wanted to die. You’re the one who was in a hurry to Pee! ‘your entire family needs to Pee!’!

The demonic beasts were skeptical. The appearance of the Divine Phoenix should be real, but how did this little human girl happen to meet it?

Yun chujju seemed to have noticed the doubts of the demonic beasts and said proudly, “You may not know this, but I’m someone who is favored by the Divine Phoenix. Back then, when I sacrificed myself to the Divine Phoenix, the Divine Phoenix didn’t even have the heart to take my life.

I guess this time, it is also to let me see its heroic appearance! Ah, no wonder I felt that something was summoning me, so I threw that bead to you!”

The demonic beasts were still skeptical. The deep pit just now was obviously the scene of the Nirvana bead appearing in the world, but they could not find it after searching for a long time. No matter how they thought about it, they felt that it was stolen by this little girl!

Yun chujju pretended to look into the distance casually and then exclaimed, “Oh my God! That, that is the feather of the Phoenix! ! !”

All the demonic beasts looked at the place that Yun Chujiu pointed at and saw a few huge feathers in the bushes. Those were feathers that they had never seen before. could they really be the feathers of the Phoenix?

Immediately, all the demonic beasts pounced towards that place, and all the demonic beasts started to fight again,

the demonic beasts fought until the sky was dark. Finally, a few demonic beasts broke out of the encirclement and pounced towards the pile of feathers. After splitting the feathers, they saw the egg..
