

## The Yun Family's Ninth Child is an Imp! Chapter 3275

Just as the Crown Prince was hesitating, the sky suddenly darkened.

Large chunks of dark clouds began to gather, and everyone could feel the pressure that filled the sky and earth. It was simply suffocating.

Hei Xinjiu's heart was filled with joy and worry. It seemed that the long-awaited heavenly lightning had finally arrived!

It was probably because Xiao Heiniaoy had swallowed the Nirvana Pearl that the Heavenly Lightning was attracted, because it was like this last time.

She did not know how powerful the heavenly lightning in the towering sky continent was, but she hoped that it was not too strong. She did not want to lose her life just like that.

Princess Xi Yue knew that the crown prince no longer wanted to kill Yun Chujiu. At least, he did not want to kill this B \* tch in front of everyone. Thus, she said,

"Your Highness, I see that the sky is a little strange. Let's hurry back to an city! Ninth sister is naughty. When I go back, I will report to grandfather and grandmother. They will definitely punish her severely. Please spare him this time!"

The crown prince was very satisfied with Princess Xi Yue's understanding. He said with a stiff face, "Alright, for your sake, let her off this time. Let's go back to the city!"

Everyone followed the crown prince and left. After the incident just now, the fifth Prince became even more determined to marry Yun chujiu. He was afraid that other princes would beat him to it, so he smiled at Yun Chujiu and followed.

Everyone from the Yun family also left. Only Yun Zhichen and Yun Xilian stayed behind.

Yun Chujiu was disgusted by the fifth prince's affectionate smile. This fifth prince was seriously ill.

Yun Xilian ran to Hei Xinjiu's side and said happily, "Little Jiu, you're finally fine! That's great. Let's hurry up and leave too!"

Yun chujiu smiled and summoned a giant rabbit. "Let's Go! Let's have a competition to see if my rabbit is faster or your wildebeest is faster."

The corner of Yun Zhichen's eyes twitched. This little jiu was really big-hearted. After such a big incident, she actually had the heart to compete to see whose mount could run faster.

However, when he thought of the old princess consort and the others waiting in the divine hall, he reckoned that the crown prince would not dare to do anything to Yun Chujiu, so he nodded. "Alright, the sky is so dark. I'm afraid that something bad will happen. It's better to leave quickly."

The three of them got on their respective mounts and sped away.

The sky was getting darker and the visibility was getting lower and lower. When Yun Zhichen and Yun Xilian reached the city gate, they realized that Yun Chujiu was gone.

The two of them thought that Yun Chujiu's rabbit was running slowly, so they waited for a while, but they still did not see Yun chujiu coming over.

Rumble!

A loud noise startled the two of them, and their wildebeest fell directly to the ground. Yun Zhichen frowned. "Let's go into the city and go to the Divine Hall first. It seems that something big is going to happen."

Yun Xilian stretched her neck and looked into the distance again. Unfortunately, it was dark and she couldn't see anything, so she could only follow Yun Zhichen into a city.

At this moment, Hei Xinjiu was sitting on a stone by the side of the road, holding her cheeks and trying to think of a way.

The heavenly lightning strike just now had struck her body.

Her heart immediately turned cold. The Heavenly Lightning in the towering sky continent was much stronger than the heavenly lightning in the immortal origin continent. She might not be able to withstand it!

Could it be that she was killed just like that?

Hei Xinjiu's head was spinning rapidly. There was nowhere to hide. Moreover, she had to avoid everyone so that she would not be regarded as a monster and a jinx.

It seemed that she could only make things difficult for Wu Yun. It would be great if she could stop him from hacking for a while. However, how could she do that?
