

The Yun Family's Ninth Child is an Imp! Chapter 3277

Wu Yun only saw that the deep pit was filled with black ash. He did not see that smelly girl. Could it be that she had already been hacked into ashes?

It sensed again, but did not find any spiritual energy fluctuations. It seemed that she had really been hacked to death!

In order to be on the safe side, Wu Yun randomly hacked for a while more before floating away in satisfaction. It was done!

As the dark clouds dispersed, a pair of black claws extended out from the soil. Then, Hei Xinjiu crawled out:

“Cough, cough! “Cough, cough! “Damn it. It’s a good thing that I was smart enough to deceive the D * MN Wang Banyun. Otherwise, it would have been really tough this time! “TSK, tsk. Wu Yun of the towering sky continent is really stupid. I’m sure that he will have a lot of fun in the future!”

Hei Xinjiu was afraid that she would be discovered, so she quickly jumped out of the deep pit. After hiding in a hidden place and using the cleaning spell, she changed into a set of clothes that looked exactly the same. Only then did she ride the giant rabbit and quickly run toward an Cheng.

At this moment, in the divine hall, everyone was kneeling on the ground. As the National Master was reciting the eulogy, they were all praying for the Divine Phoenix to protect them.

The National Master’s explanation for the Heavenly Lightning was that the demonic beasts had eaten the phoenix eggs, so Tian Dao was furious. That was why the heavenly lightning descended.

At this moment, when everyone saw that the dark clouds had dispersed and everything had returned to normal, they felt that it was all thanks to the eulogy recitation, and they were even more convinced of the National Master.

The National Master got everyone to stand up, and then said, "Now, we will start counting the fiery fruits picked by the various families, and then distribute the divine Phoenix Stones according to the results."

The old princess glanced around and realized that there was no hei xinjiu in the crowd.

Although he shi told the old princess that Yun Chujiu had offended the crown prince, he told her later that the crown prince did not continue to cause trouble for Yun Chujiu. In addition to the sudden change in the situation, the old princess thought that Yun Chujiu had already arrived at the Divine Hall.

The Old Princess' heart sank. Could it be that she was intercepted and killed on the way? Could it be that it was that bastard, the boss, again?

The old consort wanted to ask Princess Xi Yue and the others about the situation, but Princess Xi Yue and the others had been called to the other side by the imperial advisor to count the number of fiery fruits. She could only wait anxiously.

Zheng Shi also discovered that Yun Chujiu had not returned. She could not help but gloat in her heart. That slut had most likely died outside. That was great!

Very quickly, the number of fiery fruits was calculated.

In previous years, the number of fiery fruits in King Yun's residence was slightly less than the crown prince and the four princes. It was far ahead of the other nobles.

However, this year, it was unexpectedly ranked outside the 20th place. On the other hand, the number of the crown prince far exceeded the other four princes. His expression was quite smug.

Yun Fengjian's expression did not change much. He knew what was going on with one guess. Zhifeng and Xi Yue must have given a large portion of the fiery fruits they picked to the crown prince.

He felt that the two of them were doing the right thing. The crown prince was going to ascend the throne in the future, and pleasing the crown prince was more important than anything else.

The old prince frowned and sighed in his heart. A bunch of idiots! ! It was fine if they had given little in the past, but this time, it was so obvious. Did they think the Emperor was an idiot? !

Although the Yun residence did not lack a few divine phoenix stones, how would the other distinguished guests view the Yun residence?

Actually, Yun Zhifeng and Princess Xi Yue did not want to make it so obvious either. However, the Crown Prince's guards had been killed by the crimson manga previously, so they had no choice but to give more than half of the fiery fruits to the crown prince.

Just as the imperial tutor was about to distribute the divine Phoenix Stone, he heard someone at the door say crisply, "Wait! I still have fiery fruits here!"
