

The Yun Family's Ninth Child is an Imp! Chapter 3280

Hei Xinjiu still had a trace of hope in her heart. Perhaps this five-colored Phoenix had good intentions. Perhaps it was because she was so beautiful that it wanted to give her a few good treasures.

Hei Xinjiu finally reached the first level of the altar. A trace of treachery flashed in the eyes of the five-colored Phoenix. In an instant, it and Yun Chujiu disappeared.

Everyone stared at this scene with their mouths Agape. At this moment, the fire on the altar was still burning fiercely, but where did the five-colored Phoenix and Yun Chujiu go?

Everyone did not dare to leave, and could only kneel and wait.

At this moment, Yun Chujiu was already in a spacious stone hall. It seemed that this stone hall had existed for many years.

In the middle of the Stone Hall was a stone platform. A huge skeleton was fixed on the stone platform by six ten-thousand-year-old black iron chains, and there were many five-colored feathers scattered around the stone platform.

Aiyo, this scene was exactly the same as when she met the nine-tailed fox. It seemed that the damn Phoenix was really going to possess her!

While Hei Xinjiu was thinking, she saw the Phantom of a five-colored Phoenix appear on the skeleton. The five-colored Phoenix cried out a few times, then, it said, "I've waited for countless years. Finally, the shell of the Heavenly Thunder spiritual root has arrived. Little Ant, please commit suicide!"

Yun chujiu blinked her eyes and squeezed out a few drops of tears. "Oh my God! Is this true? I'm so blessed! It's my honor to be able to contribute my body to the Divine Phoenix!"

The five-colored Phoenix was obviously shocked by Yun Chujiu's words. However, thinking about it, these humans were extremely stupid, so it was normal for them to have such thoughts.

Therefore, the five-colored phoenix said, "That's good. Kill yourself."

"Divine Phoenix, before I die, you have to let me die clearly! Why didn't you come out when I sacrificed myself last time? Why did you come out this time?" Hei Xinjiu asked curiously.

The five-colored Phoenix did not hide anything and told her everything.

It turned out that the remnant soul of the five-colored Phoenix was not enough to keep it awake at all times.

Those fiery fruits grew in the divine Phoenix Valley and absorbed the power of Nirvana. It was very beneficial for the five-colored Phoenix to maintain its soul.

Therefore, the five-colored Phoenix would only wake up during its birthday every year and absorb the power of Nirvana from the fiery fruits.

Today, after the five-colored Phoenix woke up and heard the Thunder, it immediately felt that something was wrong. After seeing Yun chujiu, it was overjoyed to find out that she had the heavenly thunder spirit root, that was why it brought her in.

"Little Ant, you already know the past. Kill Yourself!" The five-colored Phoenix said with some excitement. As long as it successfully possessed, it could escape from the restrictions of the array.

"Divine Phoenix, I still don't understand one thing. You are clearly trapped here. How did you appear on the altar? This is too magical!" Yun chujiu said with admiration.

The five-colored Phoenix said proudly, "How is this difficult? ! There is a teleportation array on the stone platform and above. As long as the array is activated, you can teleport. You are really stupid."

Yun chujiu nodded and then said with a smile, "Yes, I am very stupid! But, I still seem to be a little smarter than you. You want to possess me? TSK TSK, you are really shameless!

Look at your messy hair, it's like rooster feathers, it's so ugly! A Coquettish B * Tch like you is not even worthy to carry the shoes of the Black Phoenix!"

The five-colored Phoenix was stunned at first, and then became angry from embarrassment, "You are talking nonsense! The Black Phoenix has long been dead! I am the only Divine Phoenix in the world!"
