

## The Yun Family's Ninth Child is an Imp! Chapter 3284

The five-colored Phoenix gritted its teeth. It seemed that it could only fight to the death! If it could not recover, then these people could forget about it!

When the five-colored Phoenix thought of this, it began to chirp. However, this time, the chirping was different from the usual chirping. The chirping contained spiritual energy. Yun chujiu could almost see circles of ripples attacking qiong qi and the others.

What the hell was this?

The Little Black Bird in the spiritual beast bag said in surprise, "Xiao Heiniaoh! This is the innate ability of the five-colored phoenix. It intends to perish together with us!"

Yun chujiu hurriedly asked, "How can we break it?"

"I curse it. I can temporarily stop it from chirping. You let Qiong Qi and the others kill it at this time. You must hit it with one hit. Otherwise, there is really no other way."

"Okay! After three counts, you can curse it!"

Yun Chujiu finished instructing Xiao Heiniaoh and shouted at Qiong Qi and the other two, "You guys rush towards that mixed-fur chicken right now and kill it!"

Qiong qi and the other two looked baffled. Could this black-hearted person send them to their deaths?

Even so, the three of them still rushed towards the five-colored Phoenix at the same time.

The five-colored Phoenix's eyes revealed a disdainful look. What a bunch of idiots! Its Phoenix cry nine heavens was about to reach its maximum attack value, but they actually rushed over without any regard for their lives. They were really courting death!

One, two, three!

The five-colored Phoenix suddenly staggered, and its cries stopped abruptly. Almost at the same time, the attacks of the Qiong Qi trio arrived!

Hei Xinjiu was not idle either. This fellow was holding a large kitchen knife, sitting on a chopping board, and slashing wildly at the five-colored Phoenix's Phantom image. This fellow was slashing very hard, because if they did not kill this mongrel chicken, they would all die!

The five-colored Phoenix wanted to use the Phoenix's Cry of the Nine Heavens, but at this moment, its phantom image was getting fainter and fainter. Just when Hei Xinjiu thought it was going to die, the phantom image suddenly started burning, the scorching flames burned qiong qi and Tao Wu until they cried out. However, there was nothing unusual about Hei Xinjiu.

Hei Xinjiu was dumbfounded. What was going on? Why did it spontaneously combust? This guy was really environmentally friendly. He had cremated himself!

Hei Xinjiu was afraid that this was some trick of the five-colored Phoenix. She stared at the burning flames warily.

However, after the flames gradually extinguished, an... egg appeared on the ground.

Hei Xinjiu was dumbfounded. There was such a trick? Why did an egg appear?

Xiao Heinia said pretentiously, "Master, you don't know this. This five-colored Phoenix is the only one in the world. Naturally, it won't really die out, so it turned into an egg!"

Yun chujiu was still dumbfounded. "Since it won't die, it could have just turned itself into an egg. Why did it have to possess it?"

"Master, after it turns into an egg, its spiritual power will be greatly reduced. Just like me, I used to be so awesome, but now I've turned into a weak chicken. "Also, after it turns into an egg, although it has a certain amount of inheritance, many things will be forgotten. It's almost the same as dying!" Xiao Heiniaoy explained.

Yun chujiu suddenly understood and looked at the Phoenix Egg on the ground, she wiped her saliva and said, "If that's the case, let's roast this Phoenix Egg and eat it! I think the taste of this Phoenix Egg is pretty good. Such a big egg is enough for us to eat."

Qiong qi grinned and said, "Little Fairy, you are actually willing to eat the Phoenix Egg. You are really my idol! Unfortunately, I am now a remnant soul, so I can only smell it!"
