

The Yun Family's Ninth Child is an Imp! Chapter 3294

The masked man in the front said coldly, "Yun Chujiu, don't flatter yourself. You're dead today! Go! Kill her!"

"Wait! Aren't you afraid of being punished by the Divine Phoenix if you kill me?" Hei xinjiu straightened her back and said arrogantly.

The masked men obviously paused for a moment, but they still rushed toward Hei Xinjiu.

At the same time, Liao Sheng waved his hand, and the people from the Crown Prince's mansion also rushed towards Hei Xinjiu.

Hei Xinjiu had no choice but to activate the jade pendant that the old prince gave her. Her body immediately shone with light. Hei Xinjiu thought to herself, this jade pendant that grandfather gave her looks pretty good!

Just as Hei Xinjiu was about to release da Hua, she heard someone shouting in the distance, "Stop! Who Are you people?!"

Hei xinjiu stretched her neck and took a look. In her heart, she immediately raised Yun Zhichen's status by a few levels. My good fifth brother! You came at just the right time!

Behind Yun Zhichen, there were over a hundred imperial guards from the Yun Mansion. They quickly rushed to the front of the crowd.

Liao Sheng was the first to run away with his men. When the people blocking the way saw that the situation was not right, they also fled in panic.

Yun chujiu put her hands on her hips and shouted at the back of those people, "Today is your Lucky Day! I Let You Live! If my fifth brother didn't come, I would have killed you!"

Yun Zhichen:" ..."

Little Jiu, can we not pretend like this? ! If he didn't come, I'm afraid the one who would die wouldn't be them, but you, right? ! !

Hei Xinjiu turned around and said with a smile, "Fifth brother, why are you here?"

"Grandfather was worried about you, so he asked me to bring some people here to take a look."

Yun chujiu thought that the old man had a conscience and a brain. If she sent Yun Zhifeng here, he would probably join the two groups to kill her.

"Fifth brother, let's go home." Hei Xinjiu rode on the giant rabbit and said with a smile.

Yun chujiu didn't ask Yun Zhichen to send people to chase after those people. They wouldn't be able to catch up to her. Those people were the only ones who wanted her life. There was no need to investigate.

Yun zhichen nodded, and then said in surprise, "Little Jiu, you broke through? And you broke through two levels?"

Yun chujiu said with a very calm expression, "Yes, I didn't want to break through either, but I stared at the rainbow in the sky and had an epiphany. Don't you think it's infuriating?"

Yun Zhichen:" ..."

Can't you just stop pretending? !

However, this ninth sister was really lucky. Not only did she get the favor of the Divine Phoenix, but she also had the opportunity to have an epiphany. It was indeed quite infuriating.

Speaking of which, staring at the rainbow was enough to have an epiphany? Why don't he give it a try?

Yun Zhichen rode on his wildebeest and stared at the rainbow in the sky. His eyes were sore, but he didn't have any reaction. It seemed that not everyone could have this opportunity.

Everyone entered an city and soon arrived at the imperial residence of King Yun.

As soon as they reached the door, Yun Chujiu felt that something was not right. Why were there so many people gathered outside the imperial residence of King Yun? What was going on?

When the onlookers saw Yun chujiu, they fawningly said, "Congratulations, ninth young miss! Congratulations, ninth young miss! The Emperor has bestowed you with a marriage to the fifth prince. This is really a joyous occasion!"

Two words flashed through Yun Chujiu's mind — f * ck!

Did that old man, Martial Emperor Shengwu, have nothing better to do? He actually gave her a marriage? Give your grandmother my foot!

Hei Xinjiu entered the Yun mansion with a dumbfounded look. Ji Mama came up to her and said, "Ninth miss, the old princess asked you to go to the living room. Well, the fifth prince is here too."
