

The Yun Family's Ninth Child is an Imp! Chapter 3301

The old Duke thought about it and sighed. "If your father was still around, how would there be such a predicament? !"

Yun chujiu blinked her eyes. "Grandfather, even though my father isn't around, don't I still have me? !"

The old Duke glared at her. "What else can you do apart from causing trouble? !"

Yun Chujiu:"..."

She had clearly restrained herself a lot, alright? ! If it was according to her usual temperament, would the Yun mansion still be so quiet?

"Grandfather, I have a way to completely solve this predicament. Do you want to hear it?"

The Old Royal Highness looked at Yun Chujiu with a very untrusting gaze. "Speak!"

Yun Chujiu kissed her own plan and then looked at the old Royal Highness calmly.

The old prince did not say anything for a long time. He had always thought that Yun chujiu was a silly and sweet person. After hearing what Yun Chujiu just said, he was suddenly unable to react.

This was not a silly and sweet little sheep. This was clearly a little fox, and it was the kind of nine-tailed little fox!

The Old Prince was silent for a long time, and then said, "What do you think the chances of winning are?"

“Of course it’s 100% ! Either we don’t do it, or we must succeed. Don’t forget, I’m the Messenger of the Divine Phoenix. The Divine Phoenix will look after us.” Yun chujiu lied with her eyes wide open.

The Old Prince didn’t know that this guy’s bad attributes, so he immediately believed it, he said in a deep voice, “Okay! If you can get the Tiger Talisman, then leave the rest to me. But, once the matter is done, you have to leave the lives of your uncle’s family.”

“Of course. Although they are not kind, I can not be unrighteous. Unless they stubbornly resist, I will not kill them,” Yun chujiu said with confidence.

The old prince did not know that this guy was playing with words. He nodded with gratification. “You are a very kind child. Since that’s the case, you can make the arrangements.”

Yun chujiu turned around and left the study with a smile. Her eyes were cold. Yun fengjian coveted her mother. Zheng Shi and Princess Xi Yue wanted to harm her and her mother’s lives. Yun Zhifeng was in cahoots with them, was she going to let them celebrate the New Year?

If she killed them, so be it. When the time came, she could just find an excuse. As for whether the old prince and the old princess would be happy or not, it was not within her consideration.

Before Yun Chujiu reached her own courtyard, she heard the screams of Xi Hua and Xi Xue coming from inside the courtyard.

Yun Chujiu’s heart sank. She quickened her pace and entered the courtyard. She saw Xi Hua and Xi Xue being pressed to the ground by someone and being punished with a cane.

Nanny Sun, who was beside Zheng Shi, said with a vicious face, “You two little B * tches who are betraying the family. The consort asked you to go, but you dare not go. I think you are courting death!”

Yun Chujiu jumped over and kicked Granny Sun away. Then, she stared at the stunned servants with a cold gaze. "Get lost!"

Although those servants were relying on Zheng Shi's power, they were still a little timid when they thought of Yun Chujiu's identity as a divine Phoenix Messenger. Otherwise, they would not have taken advantage of Yun Chujiu's absence to deal with Xi Hua and Xi Xue.

Granny Sun got up, rubbed her waist, and left with her people with hatred.

Yun Chujiu looked at Xi Hua and Xi Xue who were seriously injured, and her eyes were cold. Zheng Shi's actions were obviously to test her, and they would attack her very soon. She had to act quickly.

Three days later, Yun Zhichen received Yun Fengjian's Tiger Talisman. Yun chujiu immediately brought the tiger talisman to the old Duke.

That night, the old Duke brought Hei Xinjiu out of the Yun residence and headed straight for the city gate.

Although an city had troops guarding the city, Yun Zhichen had already arranged for them to arrive at the Yun family's army base.
