

The Yun Family's Ninth Child is an Imp! Chapter 3304

Yun chujiu waved her hand. "Although I am the Master of the Divine Phoenix, there are so many people in the Yun family. My grandfather, my third uncle, my fourth uncle, my fifth uncle, and my cousin Zhichen are all more suitable than me.

"Although the Divine Phoenix does indeed want me to become the Emperor of the East Phoenix Kingdom, I am not a person who loves power. Moreover, I am timid. I am not suitable to be the emperor, am I?"

The corners of everyone's eyes twitched violently. You are timid? Is it really good for you to lie through your teeth like this?

Moreover, what you said was a complete rejection, alright?

Everyone hurriedly tried to persuade her a few more times. Yun chujiu pretended to reject them a few times and then sighed. "Alright, since you insist on this, I can only reluctantly ascend the throne.

"Your previous positions are still the same. I will observe and observe first before rewarding and punishing you.

"My title will be called the country-toppling beauty, the peerless and peerless female emperor, or simply the female emperor of the world. I will announce it to the world immediately and hold the coronation ceremony three days later."

Everyone was dumbfounded by Hei Xinjiu's series of titles. They thought to themselves, isn't she still attached to power? ! She even thought of a title and could not wait to call herself emperor. If she doesn't want to be the emperor, who would she lie to? !

Yun Chujiu gave a few more instructions and dismissed the ministers. Only the old Duke and the Yun family were left in the throne room.

Yun Chujiu coughed a few times. "Cough, cough. Logically speaking, I shouldn't be the one sitting on the throne, but this is the Divine Phoenix's idea. There's really nothing I can do about it.

"But don't worry, my health isn't good. I might die one day. When that time comes, any of you who are willing to sit on the throne can do so."

When the members of the Yun family heard Yun Chujiu's words, the corners of their eyes twitched.

The old Duke was indeed not interested in the throne. Otherwise, he wouldn't have given the throne to Yun Chujiu's father so early on.

As for the Yun family's third, fourth, and fifth sons, they were all people who just muddled along. They were already satisfied with the throne for no reason. They really didn't care much about being the emperor.

Yun Zhichen wanted to be the emperor, but when he thought about Yun Chujiu's methods, he felt that he might not be able to win against her, so he gave up on the idea.

In fact, even if Yun Zhichen had thoughts, he didn't dare to resist because the tiger talisman of the Yun family army was in Yun Chujiu's hands.

Seeing that the members of the Yun family were very tactful, Yun Chujiu immediately said with a smile, "We are all one family. As the saying goes, we share blessings and hardships together. Everyone, don't worry. From now on, this East Phoenix country will belong to our Yun family."

Everyone agreed with a few words and then dispersed.

Only the old Duke stayed behind. He didn't care if Yun Chujiu was the female emperor of Zephyr. He pointed at her nose and asked, "Little Jiu, when did you switch out the Tiger Talisman?"

Yun chujiu giggled. "Grandfather, I was afraid that you would be deceived by others. So when I left the Yun family's military base, I secretly changed it."

The old Duke first glared at her and then let out a long sigh. "I don't care what you want this throne for. Remember, don't do anything outrageous, or else my old bones won't listen to you."

Yun chujiu nodded solemnly. "Grandfather, don't worry. I only want this throne to find my father and mother. "Once I find them, I will give the throne to fifth brother. This lousy throne is really not attractive to me."

The old Duke was skeptical. He believed Yun chujiu when she said that she wanted to find Yun Fengjin and Ye Lan. However, this fellow said that the throne was not attractive to her. No matter how he looked at it, he did not mean it.
