

The Yun Family's Ninth Child is an Imp! Chapter 331

Yun Chujiu was stunned!

Although when the lightning struck her last time, Di Beiming had risked his life to save her, and she had already confirmed Di Beiming's feelings toward her. When Di Beiming said those words, Yun Chujiu still felt that a corner of her frozen heart had collapsed!

'Although the gigolo is tsundere and he might not understand what love is, but he's sincere toward me! Although he's a little arrogant, he could still slowly get rid of that habit.

Yun Chujiu's eyes were sparkling as she looked at Di Beiming. "Prince Charming, I was just joking! I, Yun Chujiu, am very tough! If anyone dares to kill me, I'll use lightning to kill him! If the two unlucky things in my Dantian wants to harm me, I'll give up my Dantian and get them out of my body!"

Di Beiming's expression softened, "Don't worry, Black Thing. I'll definitely find a way for you."

"Yes, my Prince Charming. I believe in you!" Yun Chujiu blinked her starry eyes and looked at Di Beiming trustfully.

An Feng and An Yin had to face the public display of affection. The two of them looked at each other and ran to a corner to pass time.

The sky gradually darkened. Yun Chujiu took a nap in the afternoon and was not sleepy at all. She shamelessly got Di Beiming to sit on the roof and look at the stars with her.

The corners of An Feng and An Yin's eyes twitched. 'Only Miss Jiu would dare to make our Lord do such a stupid thing!'

Yun Chujiu put her arm behind her head and lay on the roof. She said with a smile, "Prince Charming, look at the starry sky and the crescent moon. How beautiful they are!"

Di Beiming hummed lightly. In his opinion, he did not see what was so beautiful about some stars and the moon. He might as well go into the house and cultivate!

"Prince Charming, I hope that we'll be together for a long time. We're under the same starry sky. When I'm not by your side, you can look at the moon and the stars. Maybe I'm also looking at the stars!" Yun Chujiu decided to cultivate the romantic cells in the gigolo.

"Then why bother? Don't you know that I have a voice transmission talisman?!" Di Beiming said with slight disdain.

Yun Chujiu did not have any words.

'Damn it, this blockhead doesn't know what romance is!'

Yun Chujiu tilted her head and glared at Di Beiming. Then, her heart started to stir.

Under the starlight, Di Beiming was less tough and more gentle. His entire person was like a statue with a glowing body. It tickled the little pervert, Yun Chujiu's heart.

This pervert was extremely lecherous. She pounced on Di Beiming and said, "Gorgeous man, how can you let down such a beautiful scene? Come, let's relish this moment!"

Di Beiming was stunned at first, then he waved his sleeve. An Feng and An Yin, who were watching the show were immediately cut off from their six senses.

Di Beiming turned over and pressed Yun Chujiu under his body. The hot kiss fell like a storm.

After a long while, Di Beiming stopped his dizzying touches and said in a hoarse voice, "Black Thing, you seduced me!"

"Humph! I'm sleepy. I'm going back to the house to sleep!" Yun Chujiu pouted her slightly red and swollen lips and jumped off the roof. She ran into the house as if she was running away! She was being teased instead of being the teaser. It was so embarrassing!

Di Beiming looked at Yun Chujiu's panicked back and could not help but laugh at the sky. 'It turns out that Black Thing was also shy. It's really uh...cute!'

Di Beiming jumped down from the roof and followed her into the house.

An Feng and An Yin finally returned to normal. An Feng whispered, "Our Honorable Sir must've been molested by Miss Jiu again! I didn't expect our Honorable Sir to be so good at this!"

Before An Yin could say anything, Di Beiming said coldly, "An Feng, it seems that you have been too free recently! I heard that there is a polar region to the north of the Qingxuan continent. The polar ice fish there are delicious. Go and hunt a hundred of them!"
