

The Yun Family's Ninth Child is an Imp! Chapter 3310

Hei Xinjiu leaned back on the dragon chair. Her expression was indifferent, but the coldness in her words did not diminish in the slightest.

The civil and military officials were all dumbfounded. Your Majesty, is it really good for you to be so arrogant? Why did it feel like their female emperor was more like a bandit leader than an emperor?

Yun Chujiu's eyes suddenly lit up, she said, "Oh right, prime minister Sima, this is after all my first time appearing in front of the other three kingdoms. I must make it a little more grand. Make it as dazzling as possible for me. Anyway, our national treasury has plenty of spirit stones, so don't be afraid of spending money. Do You Hear Me?"

What else could prime minister Sima say? He naturally nodded in agreement. His heart was pounding. Make it as dazzling as possible? What did he mean by this?

Fortunately, prime minister Sima did not understand and asked. In the next few days, he would often meet Empress Jiu to seek her opinion. Every time he came out, his expression was very interesting. would this work?

Their empress's aesthetic standards were really, really different from others!

A month later, in the Blood Stream Valley.

The geographical location of the Blood Stream Valley was very special. It happened to be located in the center of the four countries and belonged to a place that the four countries did not care about. That was why the four countries' grand meeting had chosen this place as the venue. This way, they were not afraid of any country playing any tricks.

This year, it happened to be the South Dragon Kingdom's turn to host the four kingdoms' grand meeting. Therefore, the people of the South Dragon Kingdom had entered the blood stream valley in advance and had already set up the competition stage and grandstand.

The merchants of the East Phoenix Kingdom had been hinted by their Empress Jiu, and they all eagerly occupied the advantageous positions. There were all kinds of snack stalls, equipment stalls, elixir stalls, and so on.

The four kingdoms grand meeting would be held for at least three days, and the people of the four kingdoms swarmed over. This was a great opportunity to make money!

Emperor Nan Xuan was the first to arrive at the venue. When he saw those popular stalls, he thought that they were merchants of the South Dragon Kingdom, and he could not help but feel very satisfied. Who said that the people of the South Dragon Kingdom were not as good at doing business as the people of the East Feng Kingdom, wasn't this quite clever!

However, he soon knew that the stalls that occupied the advantageous positions were all from the East Phoenix Kingdom. The stalls of the Southern Dragon Kingdom were all in the corners. Moreover, because the goods were not attractive, almost no one patronized them.

Emperor Nan Xuan snorted coldly. The East Phoenix Kingdom could only engage in some opportunistic business! This time, at the Grand Meeting of the four kingdoms, he would let that so-called female emperor know her capabilities. Don't think that the East Phoenix Kingdom was really amazing! A fourth-ranked country still had the nerve to show off? ! Ptui!

Emperor Nan Xuan consoled himself for a while before sitting down in the VIP area.

Soon, Emperor bei Jing of the Bei Xuan Kingdom and Emperor Xiwen of the Xiwu Kingdom also arrived with their teams.

Although the relationship between the three countries was difficult to explain in a word, it was still passable on the surface. They greeted each other and took their seats.

They couldn't just sit there and do nothing, so they started chatting casually. Perhaps it was because there had been a lot of troubles in the country recently, so the three of them had a feeling that they shared the same fate.

When they saw those merchants from East Phoenix country who had earned a lot of money, the three of them felt a little resentful of the rich. They all had the same thought in their hearts. This time, the four nations grand meeting would definitely firmly place East Phoenix Country in fourth place, it was to prevent East Phoenix country from truly becoming the sole power.

Because of the temporary benefits, the smiles on the faces of the three emperors became much more sincere. They temporarily threw all the previous unhappiness to the back of their minds.

After chatting for a while, Emperor Xiwen said in puzzlement, "It's almost time. Why hasn't the eastern Phoenix country's female emperor arrived yet?"
