

The Yun Family's Ninth Child is an Imp! Chapter 3312

Everyone's gaze was focused on Yun Chujiu, who was dressed in red. The woman was extremely beautiful, but as she stood there, everything seemed to pale in comparison.

She was dressed in red, and she had a peerless aura!

The woman's clear voice carried a hint of laziness. "All of you, Get Up!"

The crowd was probably stunned by the aura around the woman, but no one got up. They just knelt and watched as the woman walked step by step towards the VIP area.

The lady's bearing was indescribably reserved and noble. It was a natural nobility that made people feel ashamed of their inferiority.

Yun chujiu slowly walked to the VIP area and looked at the Dumbstruck Emperor Nan Xuan and the other two.

Emperor Nan Xuan and the other two subconsciously stood up. Empress Jiu smiled faintly and said, "The three of you are too polite. Have a seat!"

Only then did Emperor Nan Xuan and the other two men come to their senses. What the hell was wrong with them just now? ! Why did they stand up? !

Now, it seemed that they were inferior to others. They were already so old, but they were actually suppressed by the imposing manner of a little girl. It was really embarrassing!

Emperor nan Xuan said dryly, "We are guests from afar. This time, our South Dragon Kingdom is hosting the four kingdoms' grand meeting. It's only right to be polite."

Emperor Xiwen and Emperor bei Jing were furious. You actually found a good excuse. What did they say? Could it be that they couldn't help but stand up as they watched?

The two of them sat down embarrassedly. They had a strong feeling in their hearts. This little girl must be deliberately giving them a show of strength. What wishful thinking! Humph, this was just spending money to gain face. Let's meet on the competition stage!

After Empress Jiu sat down, she saw that there were still many kneeling people below, the corners of her lips curled up slightly. "Everyone, please rise. Everyone, don't worry. This four nations grand meeting will definitely be a grand meeting of unity. A wonderful grand meeting. It will definitely make everyone's trip worthwhile."

As soon as Yun Chujiu finished speaking, some people started clapping. With someone taking the lead, the rest naturally clapped as well. For a moment, the applause was thunderous.

During the applause, there were also some people shouting fervently, "Female emperor of Zephyr, unparalleled in the world!"

"Female Emperor of Zephyr, unparalleled in martial arts!"

"Female Emperor of Zephyr, devastatingly beautiful!"

..

Emperor Nan Xuan was so angry!

The words that the little girl said were originally his lines, okay? Their South Dragon Kingdom was the host country of this four-nation grand meeting, okay? How could you be so Shameless!

Before Emperor Nan Xuan could catch his breath, he saw Yun chujia wave her hand to signal for everyone to be quiet. Then, she said, "Your Majesty Nan Xuan, we can begin now."

Emperor Nan Xuan was so angry that he almost spat out a mouthful of blood. In this way, wouldn't it make people feel that he had to listen to this little girl?

But, what could he do? Could it be that he publicly accused Yun chujia of stealing his lines?

Emperor Nan Xuan took a deep breath and said, "As everyone knows, the ranking of the East Feng Kingdom is always lower. I wonder what ranking Your Majesty Fenghua is planning to get this time?"

Empress Jiu smiled brightly. "Ranking is not important. The important thing is to participate! Our East Feng Kingdom has always adhered to the principle of friendship first and competition second. A chance for the people of the four countries to get to know each other is more important than anything else."

Emperor Nan Xuan was almost angered by her words. This girl was really sharp-tongued. Now that she had said it, it made him seem petty.

However, Emperor Nan Xuan was after all the ruler of a kingdom, so he was naturally not easy to get along with. He said with a fake smile, "Your Majesty Fenghua, although that's the case, what we cultivators strive for is a sense of sharpness."

"This is your Majesty Fenghua's first time participating in the grand meeting of the Four Nations. I hope that the results of the East Phoenix country will not be too ugly."
