

The Yun Family's Ninth Child is an Imp! Chapter 3314

Emperor Nan Xuan was dumbfounded. This was not a banquet. Everyone was here to watch the competition. What kind of tea, cakes, and spiritual fruits were provided?

As a cultivator, who didn't bring water and food with them when they went out? If they were thirsty, wouldn't they drink water by themselves? ! Would they have to depend on the Southern Dragon Kingdom? ! Shameless!

Besides, which year's four kingdoms' banquet didn't have anyone prepare these things? !

Yun chujiu saw that Emperor Nan Xuan was in a daze and didn't say anything, she said lazily, "It seems that Emperor Nan Xuan didn't prepare it! "But fortunately, I have already asked people to prepare it. Our East Phoenix Kingdom has always been generous. This time, our East Phoenix Kingdom will sponsor the tea, spirit fruits, and pastries for free!"

Yun chujiu clapped her hands as she spoke. She saw Yun Zhichen walk over from the crowd with a conflicted look on his face. He even brought a few palace maids behind him and placed a pot of spirit tea on each table in the VIP area.

Yun zhichen cleared his throat and used his spirit energy to say loudly, "Taste the white spirit tea and let your spirit energy grow!"

While everyone was stunned, another palace maid served a plate of dried fruits to everyone. Yun zhichen said loudly, "Eat the thousand herbs dried fruit. It's good for your appearance and beauty!"

As the palace maids continued to serve the food, Yun zhichen continued to say, "The East Phoenix spirit fruit is a delicacy in the world! One will be your appetizer, and two won't be sore after you eat it!"

"Chen's pastry tastes good, and its reputation is well known throughout the world!"

..

In the end., yun zhichen continued, “Thank you for the support of the White Tea House of East Phoenix country, thousand herbs dried fruit, Chen’s pastry shop, Qian duo duo restaurant... all of the above shops have stalls in the venue. Everyone can go and buy them to ensure that the quality is good, the price is low, and the service is considerate.”

Prime Minister Sima was stunned!

Holy shit!

How did their Emperor’s brain grow? Wasn’t the amount of publicity going to be unprecedented? With this kind of publicity for the four nations grand meeting, wouldn’t the business of those shops become extremely hot in the future?

Emperor Nan Xuan and the other two felt as if their hearts were going to explode!

This girl was really too crafty. She was simply taking advantage of every opportunity. In such a short amount of time, she had already publicized the shops in Dongfeng Kingdom?

If they had known this would happen, they would have done the same thing! They really regretted it!

Empress Jiu said with a smile, “Your Majesties, these are all specialties of our East Phoenix Country. Don’t stand on ceremony. Try Them.”

Emperor Nan Xuan and the other two didn’t have the mood to try them. Their hearts were filled with envy, jealousy, and hatred. Fortunately, they had found a trace of balance on the competition stage.

From the progress of the twelve contestants on the stage, it was obvious that the three contestants from the East Feng Kingdom were lagging behind. They were definitely in the bottom three!

Emperor Nan Xuan was clearly not bothered by the taste of the fish. He said with schadenfreude, "Your Majesty Fenghua, the situation of the contestants from your East Feng Kingdom doesn't look too good!"

Yun chujiu glanced at the situation on the stage and said indifferently, "Don't worry. The results of our East Feng Kingdom have always been very stable."

Emperor Nan Xuan:"..."

Wasn't it very stable? It had always been the last place! This little girl's skin was too thick!

Emperor Nan Xuan had obviously never seen such a shameless person. He didn't know what to say to hit her. She didn't care about the results at all, so what were you talking about? !

Emperor Nan Xuan looked at Emperor Xiwen and Emperor bei Jing. The two of them were also quite helpless. They really had no way to deal with such a dead pig who wasn't afraid of boiling water.

When the sun was about to set, the weapon refining competition ended. The result was similar to what everyone had expected. The West Martial Kingdom had the best results, while the South Dragon Kingdom and the North Xuan Kingdom had similar results. Only the East Phoenix Kingdom had secured the last three places.
