

The Yun Family's Ninth Child is an Imp! Chapter 3315

The expression on Emperor Xiwen's face immediately turned smug. He smiled and cupped his fists at the other three people. "I admit that our Xiwu kingdom has always been good at refining artifacts. That's why we won by a fluke."

Although Emperor Xiwen's words were very polite, his expression was very smug.

Although Emperor Nan Xuan and Emperor bei Jing didn't feel very comfortable, they felt much better when they thought of Empress Jiu, who was at the bottom. They hypocritically exchanged a few polite words.

Empress Jiu stood up lazily and said, "Is today's competition over? If there's nothing else, I'll go back to the temporary residence to rest."

Emperor Nan Xuan and the other two were speechless

Temporary residence?

Since when did the blood stream valley have a temporary residence of the East Phoenix Kingdom? How come they didn't know about it? ! This was the territory shared by the four kingdoms. How could the East Phoenix Kingdom establish a temporary residence? !

Thinking of this, the three men's faces immediately darkened. "Your Majesty Fenghua, this blood Creek valley is the territory shared by the four nations. Has Your East Phoenix Kingdom obtained the permission of our three nations to build a temporary palace?"

Yun Chujiu looked at the three men as if she was looking at an idiot. "Don't you understand what a temporary palace means? A temporary palace is a palace that can be moved at any time. When the Four Nations' grand meeting is over, my temporary palace will naturally be moved away.

Why are you all so nervous? But that's true. You might not have seen such a high-class thing. Let's go. I will show you around."

A temporary palace is a palace that can be moved at any time? Are you trying to trick them into being uncultured?

Emperor Nan Xuan and the other two were confused. Driven by curiosity, they followed Empress Jiu and left the VIP area.

A palace maid had already laid the ground-shaking snow cashmere carpet. Empress Jiu stepped on the carpet and got on the sedan chair with an ethereal appearance.

Emperor Nan Xuan and the other two didn't know whether to step on it or ignore it. Hei Xinjiu's palanquin had already left.

The three of them had no choice but to step on the carpet and chase after her. After a few steps, they finally realized that they had been fooled by that girl again!

That girl was sitting in the palanquin in front of them, and the three of them were chasing after her foolishly. Wouldn't their status be revealed all of a sudden? How outrageous!

Emperor Nan Xuan and the other two gritted their teeth in anger. They each brought their own people back to their respective encampments and decided to check out the Dongfeng Kingdom's temporary residence after dinner!

After dinner, Emperor Nan Xuan and the other two brought their guards to the Dongfeng Kingdom's encampments.

When they saw the so-called temporary residence in front of them, Emperor Nan Xuan and the other two were so angry that their noses almost went crooked!

They saw a big tent standing there with a sign hanging on it. There were two big words written on it: "Temporary residence".

Would you die if you didn't act cool? ! How could a broken tent be called a temporary residence! Shameless!

However, the three of them were already here. Naturally, they couldn't go back just like that, so they could only enter the tent.

Empress Jiu was very enthusiastic. She asked someone to prepare tea, cakes, and the like. She said with a smile, "Your Majesties, my temporary residence is not bad, right?"

The corners of Emperor Nan Xuan's eyes twitched, but they didn't say anything.

Yun chujiu didn't care and said with a smile, "I just ascended the throne, so the national treasury is empty, so I can only be thrifty."

Emperor Nan Xuan and the other two almost vomited!

You Are Thrifty? You Are Thrifty, but you use the shimmering clam beads as the curtain of the carriage?
You Are Thrifty, but you use the ground-shaking snow cashmere as a carpet?

The four of them said a few words without embarrassment, and then Yun chujiu changed the topic, "You Three, you may also know that I am the messenger of the Divine Phoenix. I wonder if the three divine beasts in the country have chosen an emissary?"
