

## The Yun Family's Ninth Child is an Imp! Chapter 3317

Yun chujiu was naturally not trying to trick them. A person without foresight would have immediate worries.

An existence like the palace of hatred was like a sharp sword hanging above one's head. Although everything was peaceful now and there was a chance that they would attack at any time, it was still better to be prepared.

Yun chujiu was not surprised by the attitude of Emperor Nan Xuan and the other two. After all, the palace of hatred had used the imperial preceptor to control the four kingdoms for so long. Whether it was brainwashing or deterrence, in short, these people did not dare to easily think of going against the palace of hatred, unless they were forced into a desperate situation, they would not be able to put up a fight.

The four kingdoms were just a drop in the ocean of the towering continent. Moreover, they were at the bottom of the food chain. Above them were middle-grade and upper-grade kingdoms. Then there was the existence of the hateful palace. It was no wonder that they were so afraid of the hateful palace.

Thinking of this, Yun Chujiu became even more suspicious of what Xue Wuji had told her back then. The Yun family was far from being as powerful as he had said.

If that was the case, why did he say that the gigolo had fallen into danger several times because he wanted to find out ye Lan's whereabouts?

Huh? That was not right. Xue Wuji's original words seemed to be saying that the gigolo had fallen into danger several times in order to find out her father and mother's whereabouts. Could it be that the gigolo knew her father's whereabouts?

That's right. Xue Wuji also said that the gigolo had forcibly broken through a layer of seal in order to find the pill that would make her grow bigger. That was how his old illness was triggered. Where did he get that pill from?

The More Yun Chujiu thought about it, the more she felt that Xue Wuji was hiding a lot of things from her. However, she could roughly guess Xue Wuji's motive. He was probably afraid that she was not strong enough to provoke certain forces.

Yun chujiu thought about di beiming and pondered for a while about the competition the next day. That was why she did not sleep well that night. She only fell asleep in a daze when it was almost dawn.

Yun Zhichen and prime minister sima stood outside the "Palace". The two of them looked at the rising sun. The two of them looked at each other. Should they wake their empress up?

It was said that their female emperor of Zephyr was extremely angry when she woke up. However, the competition was about to begin the next day. If she did not attend, wouldn't the other three kingdoms think that their East Phoenix Kingdom had lost because of Yesterday's armament refining competition, so they didn't dare to show their faces?

In the end, it was still yun zhichen who gritted his teeth and shouted, "Your Majesty, it's getting late. It's time for you to attend the Grand Meeting."

Yun Chujiu's lazy voice came from inside the tent, "It's good that you guys are attending. I'll catch up on my sleep and come over in the afternoon."

Yun Zhichen:" ..."

Prime Minister Sima:" ..."

Your Majesty, is it really alright for you to be so willful? Did you come all the way here just to catch up on sleep? For cultivators, it was not a big deal even if they did not sleep for three days, let alone one night?

Although the two of them were complaining in their hearts, they did not dare to disobey. They could only leave half of their men to protect Yun chujiu while they brought the rest of their men to the venue of the Four Nations' grand meeting.

Emperor Nan Xuan and the other two were stretching their necks and waiting for Yun Chujiu's arrival. They felt that they had been tricked by Yun Chujiu yesterday, so they planned to give Yun chujiu some face today.

The competition this morning was to compete in alchemy. This was originally the strength of the East Phoenix Kingdom, but the alchemy skills of the East Phoenix Kingdom were getting worse and worse year by year. Now, they had completely fallen into the bottom tier.

The three of them had already decided that when the time came, they would mock and ridicule Yun Chujiu.

Who would have thought that after stretching their necks for a long time, the people of the East Phoenix Kingdom still did not come. Could it be that they were too scared to come?

Just as the three of them were thinking about it, they saw Yun Zhichen and prime minister Sima bringing a group of officials from the East Phoenix Kingdom, but there was no sign of that girl.
