

## The Yun Family's Ninth Child is an Imp! Chapter 3319

When the subjects of the East Phoenix Kingdom saw that little girl, their hearts instantly turned cold!

It was over!

Not only had their emperor Fenghua not come, but now he had actually sent a little girl to compete. Was he giving up completely?

Not to mention getting a good ranking, this little girl probably wouldn't even be able to complete the questions, right? Which idiot had chosen this person? ! Wasn't this obviously going up to embarrass themselves? !

The people from the other three nations were also discussing animatedly. "TSK TSK, I think that the East Phoenix country is really getting worse and worse. At the very least, the contestants that were sent up earlier were still acting as if they were the real deal, but this time, they actually sent a little girl."

"Exactly, I think that they've broken all the rules! Sending a little girl up, even if they lose, it can be considered an excuse. How Shameless!"

"That's right, besides knowing how to do business, the East Feng Kingdom doesn't know anything else. Moreover, that female emperor of the Zephyr nation is obviously someone who can harm money. Sooner or later, the East Feng Kingdom will be finished."

..

When the people of the East Feng Kingdom heard the discussions of these people, they were both angry and angry. However, they couldn't defeat the other party in a one on three fight, so they could only vent their anger on that ordinary looking little girl.

Don't you know your own level? Don't you know your own level? If I ask you to go up, do you go up? Don't you know that the moment you go up, you will represent the East Phoenix Kingdom?

Not to mention the people of the East Phoenix Kingdom, even the other two contestants of the East Phoenix Kingdom had dumbfounded expressions on their faces. They were clearly doctor Yu of the Hundred Herb Hall previously, but how did she become this little girl? Could she be an imposter?

However, after thinking about it, it was impossible for her to be an imposter. If she was an imposter, firstly, there wouldn't be this set of clothes. Secondly, all the contestants had their own people to protect them. It was also impossible for her to secretly harm the physicians.

Moreover, even if the physicians went on stage, they would at most be slightly stronger than them. In the end, they would still be in the bottom three. There was no need for this little girl to harm the physicians!

Just as the two of them were puzzled, the host announced the countries and names of the contestants one by one. "Qiu Anbang of the South Dragon Kingdom, Zhai Wenxiong... The East Phoenix Kingdom wins all of them."

Emperor Nan Xuan:" ..."

Emperor Xiwen:" ..."

Emperor bei Jing:" ..."

Everyone:" ..."

Was this host sick? The competition hadn't even started yet. How did the East Phoenix Kingdom win all of them?

The host clearly felt that his words were easily misunderstood, so he hurriedly explained, "Everyone, don't misunderstand. This, this female contestant's name is all-win, so together, it means that East Phoenix country wins all of them."

What the hell?

All-win?

Wasn't this name too, too F \* cking confident?

Yun Zhichen and prime minister Sima looked at each other, and Yun zhichen said, "Could it be because of this name, that doctor Yu allowed her to replace him? Isn't this too absurd?"

Prime Minister Sima smiled bitterly. No matter what the reason was, this all-win was a stunning feat! It was estimated that from today onwards, this name would become the laughingstock of the Four Nations!

Among the twelve contestants on the stage, other than all of them who had won, all of them were elderly people. Everyone looked at her with disdain and contempt. Was this all-win a joke?

The host continued, "The content of today's alchemy competition is to refine a level 22 eight transformation life creation pill. The time limit is four hours, and the final ranking will be based on the rate of completion of the pill, the quality of the pill, and the length of time used. Now, the competition begins."

When Yun Zhichen and prime minister Sima heard the content of the competition, their hearts instantly turned cold. It seemed that those who had won all could only hand in their blank papers!
