

The Yun Family's Ninth Child is an Imp! Chapter 3320

The subjects of the East Phoenix Kingdom had the same thoughts as prime minister Sima. No matter how talented they were, they would at most be a level 13 alchemist. How could they successfully refine a level 22 rank 8 Life Creation Pill? !

It was over. This time, they had lost a lot of face!

Although the East Phoenix Kingdom was ranked last in the previous pill refining competition, they could at least complete the refinement. This time, the domineering name of 'All-win for Nothing' was completely wasted. They could only hand in the blank paper!

Emperor Nan Xuan and the other two gloated at each other's misfortune. When that little girl arrived in the afternoon, they would definitely mock her. Their East Feng Kingdom really had no one left.., they actually sent a little girl to support the scene. It was simply too embarrassing!

At this time, everyone on the competition stage had already started warming up the alchemy furnace. Only that person who had won all blinked his eyes... in a daze.

Prime Minister Sima was really angry!

If you don't have those skills, then don't go up and embarrass yourself! But now, the pill refining period was four hours. She wouldn't just stand there for four hours, right?

Even if you don't know how to refine pills, don't you know how to put on an Act? At least it wouldn't be so embarrassing!

Prime Minister Sima quickly realized that he was thinking too much. That person who had won all didn't just stand there in a daze. Instead, he took out a chair and leisurely sat on it... to watch the show.

This fellow perfectly explained what it meant to watch the show and not think that it was a big deal. He shamelessly said to himself, “Hey, contestant number one, your alchemy furnace looks pretty good. How much did you buy it for?”

“Contestant number two, your fire marrow is a hundred-year fire marrow, right? You’re quite rich!”

“Contestant number three, I see that the storage ring on your hand is quite high-end. Did you buy it in our East Phoenix Country’s Golden Jade House?”

..

Alchemy required one to calm down and concentrate. This fellow’s words immediately made everyone restless.

Number One, Qiu Anbang of the South Dragon country, shouted angrily, “All of you win! Shut Up!”

The little girl spread her hands innocently, “Host, judges, there isn’t a rule that forbids you from speaking, right? I didn’t leave my operating table, and I didn’t fight. Can’t you just say something?”

Moreover, as the top experts of the four nations, are you not allowed to speak when refining pills? Isn’t this standard a little too bad?

I’m not bragging, let alone someone speaking, even if the earth dragon turns over, I can still successfully refine the pills. This is the difference!”

The corners of everyone’s mouths twitched violently. You’re really shameless! Let’s not talk about whether your words are in accordance with the rules. With your level, you still have the nerve to say that you’re better than others? Shameless!

However, after some discussion among the judges, there was really no rule that forbade people from speaking. Therefore, the host said to Qiu Anbang, who had raised a protest, "Speaking is not prohibited in the rules, so it's not considered a violation if you win all of them."

Qiu Anbang was so angry that he simply covered his ears. It was not annoying to not listen!

The other contestants followed suit and also covered their ears to avoid being affected by all the wins.

Although there was a difference in the strength of these twelve people, it was not to a particularly large extent. Therefore, with all of them winning and causing trouble, the gap between the two contestants of the East Phoenix Kingdom and the others had narrowed further.

Emperor Nan Xuan slammed the table angrily. "The East Phoenix Kingdom is too shameless! No wonder they sent a little girl up there. It turns out that they are deliberately causing trouble!"

Emperor Xiwen snorted coldly. "Even so, the rankings of the two contestants of the East Phoenix Kingdom are at most at the middle level. In addition, all of them won last place. Their results combined are still at the bottom."
