

The Yun Family's Ninth Child is an Imp! Chapter 3323

The little girl on the stage was even more dumbfounded. F * ck! ! Pengci? !

The pill she refined was obviously a rank eight life creation pill. Why did this referee faint at a glance? It must be pengci. Shameless!

The other referees couldn't be bothered to look at the pill furnaces that had all won. They surrounded the referee and gave him a round of treatment.

The other two contestants from the East Phoenix Kingdom looked on speechlessly as they watched all of them win. One after another, they sighed. This all-win was probably for a good reason. They wanted to give them a helping hand. However, no matter how much they messed around..., they could not refine a poison to harm others!

However, that was also true. They reckoned that she had just randomly refined it. They reckoned that she did not even know what the heck she had refined!

The two contestants from the East Phoenix country were slightly better off, but the contestants from the other three countries had gloating expressions on their faces!

Qiu Anbang's face was filled with indignation as he angrily rebuked, "You've won all of them! You're really morally corrupt! How can a human life be a child's play? ! If you don't know how to refine pills, then don't come up and harm others and yourself. Now that you've poisoned the referee to the point of fainting, what crime should you commit?"

All of them had been fuming in their hearts due to being blackmailed. When they heard what he said, they were instantly enraged. "Which F * CKING Eye of yours saw that I refined a poison? If you don't know how to speak, then don't speak!

Didn't you just refine six high-grade eight transformation life creation pills? Do you really think you're that great? ! Pui! I'm better than you even with my eyes closed!

When refining pills, you're not allowed to let others speak. Why Don't you shut everyone's mouths? You're not capable, yet you blame others. You're Shameless!

Now That You're slandering me, are you afraid that I'll surpass you when my results are announced later? Is that why you can't Wait to smear me? "How insidious!"

Qiu Anbang's old face flushed red from all the winning words. He was so angry that he was trembling: "Good! Good! I Won't argue with you. You poisoned the referee. You will suffer in a while!"

Emperor Nan Xuan saw that all the winners were so arrogant and could not help but frown, then he said to prime minister sima: "Your East Phoenix Country's contestant poisoned the referee. If that referee is fine, this matter can be reduced to a small matter.

"But if that referee is really in trouble, your Majesty Fenghua must give him an explanation."

Prime Minister Sima pretended to be calm and said, "Your Majesty, the matter has not been investigated clearly. It is too early to draw a conclusion. Maybe that referee has some old illness. It may not be caused by all the pills he won."

Prime Minister Sima did not believe what he said!

That referee was an alchemist himself. If he had an old illness, he would not have come to be the referee. Oh God, their emperor had not come for a long time and such a big mess had happened. How was he going to explain it to his majesty! !

Emperor Nan Xuan snorted coldly. He thought that he would come to a conclusion soon anyway. Let's see how he can keep his mouth shut when the time comes.

At this moment, the referee on the competition stage woke up. He first looked at the crowd surrounding him in a daze, then jumped up and pounced in front of the all-win console.

The spectators' blood immediately boiled. That referee was definitely going to take revenge on all of them! There was a good show to watch!

All of them subconsciously took a step back. F * CK, was this still a series of scams? !

The referee's face was full of excitement. He pointed at the alchemy furnace that all of them had won and said with a trembling voice, "Ten high-grade pills! Ten high-grade pills! To have such results at such a young age, he is simply a genius! A GENIUS!"
