

## The Yun Family's Ninth Child is an Imp! Chapter 3326

Before prime minister Sima could say anything, emperor Nan Xuan mocked, "Don't worry, your Majesty Fenghua. You Won't have this chance anymore. In the next competition, your East Phoenix country will only be at the bottom."

Empress Jiu curled her lips. "That might not be the case. Let me do some calculations. This year, our East Phoenix Country's luck is really good. Who knows, we might even be able to obtain a few first places in the next competition!"

"Then we'll wait and See!" Emperor Nan Xuan curled his lips and said.

Empress Jiu just smiled and didn't say anything, because this fellow was busy eating pastries! Emma, I'm starving to death!

Prime Minister Sima's excitement had completely disappeared. Firstly, he had been beaten up by Empress Jiu, and secondly, he was starting to worry about Empress Jiu's bearing!

Your Majesty!

Have you been sleeping all the way until now, and you don't even have time to eat? Do you have to eat like a wolf?

At this moment, the array competition began!

Empress Jiu did not even glance at it. After eating and drinking to her heart's content, she leaned back on the chair... and fell asleep!

Prime Minister Sima:"..."

Your Majesty, you've already slept for an entire morning, haven't you slept enough? In that case, you might as well sleep in the palace! At least it wouldn't be so embarrassing!

Four hours later, the array competition ended. As expected, the South Dragon Kingdom won first place, and the East Phoenix Kingdom steadily won fourth place.

Emperor Nan Xuan was pleased with himself. He said to Empress Jiu, who had just woken up, "Strength is the most important thing. Luck is really unreliable. Your Majesty Fenghua, don't you think so?"

The corners of Empress Jiu's mouth curled up. "Maybe! I'm in a hurry to go back and have dinner. See You Later!"

Prime Minister Sima, who had been worried about Empress Jiu's bearing, wanted to cry out loud. Your Majesty, our Dongfeng Kingdom is rich and strong. Are You Hungry? Do you have to be so greedy? I'm really worried to death!

After a night of silence, the next morning, prime minister Sima and Yun Zhichen found that their empress was once again lazing in bed!

Empress Jiu's lazy voice came from inside the tent, "In any case, winning first place in the pill refining competition has already exceeded my mission, so I have to take a good rest today. You guys can go!"

Prime Minister Sima Thought for a moment. If Her Majesty went, she would either eat or sleep. It was better if she didn't go, so as to not affect her majesty's prestige.

Thus, prime minister Sima and Yun Zhichen brought people to the venue.

When Emperor Nan Xuan and the other two saw that Empress Jiu did not come again, they thought to themselves, that girl probably knew that their East Phoenix country was at the bottom of the competition, so she found an excuse not to come.

It did not matter. At night, they would go to her palace and ridicule her. They would definitely embarrass her!

When the time came, the host stepped onto the stage. “The fourth round of the competition is a talisman-making competition. Each country can only choose three participants. In the end, the corresponding points will be awarded according to the ranking. Now, please bring the participants from each country onto the stage.”

When Prime Minister Sima saw the contestants from the East Phoenix Country, his face stiffened. Why did this contestant change people again? It was clearly three old men. Why did one of them change into a little girl?

However, this little girl did not win all of the previous contestants. Not only was her appearance different, but her spiritual power level was also different. What exactly was going on?

Just as prime minister Sima was feeling suspicious, the host announced the contestants' countries and names one by one. “Xu Ji from the South Dragon Kingdom, Lu Chengfei... Yi Ding from the East Phoenix Kingdom won.”

Everyone:”...”

She would definitely win?

This host had been bribed by the East Phoenix Kingdom, right?

The host was experienced this time and quickly explained, "The name of the twelfth contestant from the East Phoenix Kingdom is Yi Ding win. The easy one is Yi, not the one."

The host's heart was like a beeping dog. Where on earth did East Phoenix find this contestant? Why were all the names so weird!
