

The Yun Family's Ninth Child is an Imp! Chapter 3336

Before the three people from Bei Xuan Kingdom could say anything.., Bi Xuying continued, "The little B*tches have guts. How can they be controlled by humans just for a mouthful of food? ! Little B*tches, am I right?"

The blood-sucking warblers were on the verge of breaking down. If they said she was right, it meant that they were admitting that they were little B*tches. If they said that she was wrong, then wouldn't they be spineless?

The blood-sucking warblers were in a dilemma. They simply ignored this fellow and pretended that they didn't hear what he said.

Bi Xuying jumped to the vicinity of the blood-sucking warblers and took out another piece of demonic beast meat and threw it to them, she sighed and said, "Eat! Eat! You should be free elves who should be flying in the wild. Now, you have become so pitiful. It really makes people sympathize.

"Sigh, actually, you also know that even if you don't succeed in being controlled by us, your fate will most likely be to be killed and eat meat when you go back. I heard that your meat is quite delicious. The tendons and teeth are elastic, especially the soup. That taste.., "It's simply delicious!"

The blood-sucking warblers: "..."

The blood-sucking warblers were instantly thrown into confusion in the wind!

What did this damn girl mean?

The first few words were spoken in human language, but why did the last few words sound so terrifying?

“Don’t worry, I’m just saying. The person who captured you might not really eat you. At most, they’ll just feed you to their own spiritual pets!” Bi Xuying comforted them.

The blood-sucking warblers were so angry that their hair stood on end. Was there a difference between being eaten by someone and being eaten by a demon beast?

However, they immediately lost the mood to continue eating the demonic beast’s meat! This wretched girl was right. They could not escape death no matter what.

Regardless of whether they denied ownership, they would still die in the end!

Their offensive power was not strong. No one was really willing to raise a blood-sucking warbler as a spirit pet. It was only because they were unruly that they were used as sacrificial objects in the competition.

As a result, the blood-sucking warblers flew back to the withered tree. Although the three people of Bei Xuan Kingdom teased them with pills again, the blood-sucking warblers did not pay any attention to them.

Everyone was puzzled by Bi Xuying’s actions. What was she doing? Was she just trying to stir up trouble?

Emperor Bei Jing was so angry that he snorted, “Shameless! Shameless! None of the so-called winners from the East Phoenix Kingdom were good! It was one thing that she didn’t have the ability to tame beasts, but she actually stirred up trouble that even the contestants from our North Xuan Kingdom couldn’t tame. She was really shameless!”

Emperor Nan Xuan and Emperor Xiwen were gloating in their hearts. In any case, the contestants from their two countries couldn’t tame beasts successfully. In that case, no one should score points.

Time passed quickly. There was only 15 minutes left until the end of the beast taming competition. At this time, Bi Xuying strolled to the front of the withered tree.

“Hey, Little B * tches, I’ll give you a chance to change your fate. “Establish a temporary contract with me. After the competition is over, I’ll let you go. “I’m a man of my word. If I’m lying, I’ll be struck by lightning and die a horrible death!”

Boom!

A purple heavenly lightning struck the barrier. Fortunately, the barrier was strong enough, but it still gave everyone a fright.

Bi Xuying was furious! This heavenly lightning was simply her sworn enemy!

She rolled her eyes and said, “Did you see that? Although there’s no such thing as the Heart Demon Oath in towering sky continent, the sound of the heavenly lightning just now means that Tian Dao has already known about my oath. You should believe me now, right?”
