

The Yun Family's Ninth Child is an Imp! Chapter 3346

Lord Wu brought Yun Chujiu and the others to the inn and made some simple arrangements. Then, he said, "The four emperors will stay here temporarily and wait for my Emperor's summons."

Without waiting for Yun Chujiu and the others to say anything, Lord Wu left.

Although Emperor Nan Xuan and the other two were unhappy, they did not say anything. They followed the servants of the inn and went to their own courtyards to rest.

Not to mention, the courtyards arranged for them by the inn were not bad. It finally made Emperor Nan Xuan and the other two feel a little better.

As soon as Emperor Nan Xuan and the other two settled down, Yun Chujiu hooked up with the three of them and went for a stroll on the street.

Emperor Nan Xuan and the other two came here to broaden their horizons. Naturally, they could not ask for more. Hence, they left the inn and went on the street.

Everyone looked at the spiritual power of the people on the street. Although their spiritual power was indeed higher than that of the people from the four kingdoms, the gap was not as big as they had imagined.

Emperor Nan Xuan lowered his voice and said, "Tsk! I thought they were so amazing. They are not much higher than us."

Emperor Xiwen frowned, "You can't say that. Perhaps the people with high spiritual power have not come out yet. It's better for us to be cautious with our words and actions."

Yun chujiu caught a glimpse of a restaurant not far away and immediately said, "We haven't eaten well these few days. Today, I will be hosting you three. Let's Go!"

Emperor Nan Xuan and the other two naturally begged for it. This girl was the richest, so they would definitely rip her off today.

The group of people arrived at the door of the restaurant. The waiter was very enthusiastic. "Do you need a private room or something?"

"Just help us find a window seat on the second floor. This is for you." Yun Chujiu said as she threw a few high-grade spirit stones to the waiter.

The waiter's smile immediately became more sincere. He led the group to the second floor and found a window seat for Yun Chujiu and the others to sit down. Prime Minister Sima and the other attendants were arranged to sit at another table.

Emperor Nan Xuan curled his lips. "Isn't Emperor Fenghua a little too stingy? Doesn't he even want to pay for the private room?"

Yun Chujiu said with a smile, "What's the point of the private room? It's so good to eat here by the window and enjoy the scenery outside!"

Emperor Nan Xuan looked out of the window and felt that what she said made sense, so he didn't say anything more.

Everyone ordered their dishes and chatted as they ate.

Yun chujiu chatted with them while listening to the other guests at the other tables.

“Do you see that? That’s the female emperor of the East Phoenix Kingdom sitting there! She’s really pretty. No wonder our crown prince wants to take her as his concubine!”

“What’s the use of being pretty? ! Her spiritual power is too low! She can’t be compared to Miss Liu.”

“Of course there’s no comparison. Miss Liu is the Prime Minister’s daughter. She’s already at the fifth level of the spirit transformation realm now. Her future is limitless.”

..

Yun chujiu frowned slightly. Miss Liu? She was probably the future imperial consort of the Crown Prince!

At this time, she heard those people discussing again:

“As everyone knows, the relationship between the crown prince and Miss Liu has always been very good. Why did he suddenly marry this female emperor of Fenghua as the Crown Prince’s side consort? It’s probably because she’s good-looking!”

“Forget it! Although she’s quite beautiful, our crown prince isn’t a lecherous person. Is there a need to marry her?”

“What you said makes sense. I heard that the female Emperor of Zephyr is some divine Phoenix envoy. Could it be because of this?”

“Not necessarily! Our Jing Mu Kingdom believes in Jing Mu’an, not the Phoenix. What does whether she’s a divine Phoenix envoy have to do with us? !”
